ONE HUNDRED FIFTEENTH COUNCIL

JOHN F. COUNAHAN.....President

LOUIS C. DINARDO.....Ass't City Clerk

Pittsburgh, Pa.

Monday, January 1, 1968

On Monday, January 1, 1968, at 10:00 o'clock, A.M., the members-elect of the Council of the City of Pittsburgh, together with those holding over, convened in the Council Chamber of said City in accordance with the provisions of the Act of Assembly of the Commonwealth of Pennsylvania, approved May 31, 1911.

The Council was called to order by Louis C. DiNardo, Assistant City Clerk, who acted as Chairman, Pro tem of the meeting.

The Chair:

This being the day and hour fixed by the Act of Assembly for the organization of the Council of the City of Pittsburgh, the One Hundred Fifteenth Council will be in order.

We are honored this morning by the presence of Very Reverend Monsignor Daniel H. Brennan, Pastor, Epiphany Church, who will offer the prayer of invocation.

Very Reverend Monsignor Daniel H.

Brennan, Pastor, Epiphany Church, offering the following prayer:

Monsignor Brennan:

Oh, Lord, Supreme Creator of the Universe, You have destined that Your creature, man, not live alone as an individual but in a society ruled and regulated by Yourself through human representatives. Today, we are gathered to inaugurate another session of the City Council of Pittsburgh and induct the newly elected Councilmen who will sit with the other members in providing government for that portion of Your people who live in this City. We ask Your blessing on this body, begging, especially, wisdom that they may perceive the values of the many alternatives from which they must choose as they make decisions; energy that they may never tire in seeking the best goals for whom they serve; prudence that they may choose the best goals with integrity and without indecision. We ask You, Lord, to be with this Council today and every day as You have promised that you would be with the elders of your chosen people as You spoke to Moses: "Assemble for me the 70 of the elders of Israel, men whom you know for true elders and authorities among the people and bring them to the Meeting Tent. When they are in place beside you, I will come down and speak with you there. I will also take the Spirit that is on you and bestow it on them." May Your Spirit be with them continually and may they never reject It but greatly following His inspiration to the progressive development of this beloved City, our home. Amen.

The Chair:

Thank you, Monsignor Brennan.

| Mr. Flaherty | Mr. Mason |

The Chair:

The first order of business is the nomination and election of a member of Council to serve as President for the ensuing term.

The Chair recognized Mr. Patrick T. Fagan.

Mr. Fagan:

Mr. Acting Clerk, Right Reverend Monsignor Daniel H. Brennan, Judge Brown, Judge Michael Musmanno of the State Supreme Court, Commissioners, members of the judiciary and my colleagues, their families and my fellow workers and I think this covers both the waterfront and market place when I say, my fellow Americans:

Good morning.

The New Year has traditionally been a time for new hope and a time for new resolve to meet difficult decisions that lie ahead. I have started the new year, myself, by arriving at such a decision—one which was most difficult for me to make. I have decided to step down as president of City Council for the remainder of my term. This difficult choice has been decided by reason of my health which has made it hard for me to meet the rigorous demands imposed upon the president of Council. However, I would expect that my health will permit me to serve out the remainder of my term as a member of Council.

I make this move with considerable regret. However, it is regret that is greatly tempered by the spirit of hopeful expectation with which I greet the beginning of my 19th year as a member

of City Council. These years of service have been among the most exciting and rewarding years of my life and I have had some rewarding years and some, disappointing. They have been exciting years because they have afforded me an opportunity to play a role in the rebirth of this great City. They have been rewarding years because of the progress we have made in rebuilding Pittsburgh, both in terms of its physical and human needs. I want to make it clear, however, that I am not satisfied with the job that has been done. I know I can speak for my colleagues in Council when I say that all of us recognize our accomplishments to date are greatly overshadowed by the tremendous task which lies ahead.

During my 18 years in office, my philosophy has always been as a public servant, as a public trust. I didn't coin that phrase. It was coined by the late Grover Cleveland who was twice President of the United States. With this in mind, I have endeavored with all the energy at my command to be a servant to all of the people of the City of Pittsburgh.

As President of Council, I am proud of the fact that any one individual or group ever requesting to be heard on a public issue, has been given an opportunity to appear before Council. I am proud of the way in which Council has cooperated with every community interest, labor and management, big business and small business, civic and religious organizations. I am proud of the way in which the political party lines have been willingly crossed when doing something which was in the best interest of the community. I am proud of the way Council has supported the City Administration and the programs which have been submitted in order to move this City forward. In virtually every matter affecting the welfare of this City, Council has been united and unanimous in their enactments in support of progressive legislation. I can't agree with those who seem to find some magic virtue in dissent simply for the sake of dissent.

For example, many cities across the country have been torn with strife, bitterness and debate over civil rights legislation and human justice. Were we

less than right and sound here in Pittsburgh when we adopted the most comprehensive fair-housing law in any city in the United States? I think not. I am proud of the manner in which the City has attempted to deal with the big problems of poverty and racial justice.

I give up the post of President of Council in the spirit of gratitude to my colleagues for the confidence they have shown by three times electing me their president. I sincerely hope they will accord my successor the same spirit of cooperation they have extended to me in the past six years. In turn, I know my successor will continue to work with Mayor Barr and the able members of his Administration in the best interests of this City and its people in a manner the citizens of Pittsburgh have come to expect from us.

In closing, let me say, I wish you all a very happy, healthy, prosperous, holy New Year and God bless everyone. I thank everyone who ever supported me for the office that I now leave. God bless you.

The Chair recognized Councilman Louis Mason, Jr.

Mr. City Clerk, I wish to place in nomination a native-born Pittsburgher who has served in Council for 16 years. The fact he was born on Plummer Street, spelled p l u m m e r, probably has no relationship to the fact he became a plumber, spelled p l u m b e r. He served his apprenticeship as plumber which was interrupted by his enlistment in the United States Army where he achieved sergeant first class in the Signal Corps. He served as president of Western Pennsylvania Pipe Trade Association and as vice-president as well. He holds a silver life membership card in Post 41 of the American Legion. He has been a Commander of that Post for four terms. He is a delegate to the Central Labor Union Council. He is a member of the Eagles, the Elks, Knights of Columbus, Knights of Equity and the Forty and Eight. He is a member of St. Bridgid's Church in the Hill District.

Finally, behind every good man, a man who achieves, is an excellent woman. He has been married to Veronica Shanahan Counahan for 40 years. He

has a daughter, Mary Lou; a son, Paul; one grandson, Michael, 14 granddaughter, Kathleen, 7. He has a brother, Norbert, a pharmacist in McCandless Township.

Mr. Clerk, I place in nomination, the name of John Francis Counahan as President of this Body.

Mr. Leslie:

I rise to second the nomination of John Counahan as President of this Council.

The Chair:

Are there any other nominations; if not, the chair will entertain a motion to close the nominations on the name of John F. Counahan.

Mrs. D'Ascenzo:

I move that the nominations be closed on the name of John Francis Counahan.

Which motion prevailed,

The Chair:

The Clerk will call the roll on the nomination of John F. Counahan to be President of Council for the ensuing term.

And the result of the voting was as follows.

For Mr. Counahan:

| | |
|----------------|------------|
| Mrs. D'Ascenzo | Mr. Kamyk |
| Mr. Fagan | Mr. Kuhn |
| Mr. Flaherty | Mr. Leslie |
| | Mr. Mason |

(Mr. Counahan not voting.)

And Mr. Counahan, having received seven votes of Council, was declared duly elected President for the ensuing term.

The Chair appointed Mrs. D'Ascenzo and Mr. Flaherty to escort the President-elect to the Chair.

The committee performed the duty assigned it and presented Mr. Counahan to the Chair.

The Chair:

The committee is discharged with the thanks of Council.

The Chair appointed the Honorable Homer S. Brown, Judge of the Court of Common Pleas of Allegheny County, to administer the oath of office to the President-elect.

The Chair:

Will the President of Council please sign the oath of office?

And the President of Council signed the oath of office.

The Chair:

It is now my pleasure to present to those assembled here the elected President of Council, Mr. John F. Counahan.

Mr. Counahan:

Thank you.

Before I say anything, I wish to report that Mayor Barr, for the reason that he is confined to his bed, will be unable to be here today.

Judge Brown, Reverend Clergy, Members of City Council, including past-President Patrick Fagan, Louis DiNardo, elected officials, honored guests and friends:

I wish to thank Monsignor Brennan for his inspiring prayer and for taking the time off on a very, very busy day, to be here.

Judge Brown, I want to congratulate you on your recent reelection and to wish you health and continued success and, on behalf of the members of City Council, I wish to thank you for administering the oath of office to the newly elected members.

I wish to thank Councilman Louis Mason, Jr., for his nominating speech and Councilman Leslie for seconding the nomination and I wish to express thanks to all of my colleagues.

There has been a long line of outstanding councilmen who have presided

over this great Legislative body. I will, to the best of my ability, and with the help, guidance and patience that I know will be forthcoming, endeavor to emulate by predecessors. I know I speak for all of the members of Council when I say that Councilman Pat Fagan's decision not to seek reelection to the position he held with dignity, honor and integrity was received with regret but we rejoice that he will remain as a member of Council so that we can continue to receive his wisdom and guidance. This wisdom and patience will serve Pittsburgh in good stead as we move forward in the forthcoming months. Indeed, as many of you well know, the progressive policies of this City's development will be plagued by many fiscal problems. We, in City Council, must have the fortitude, the integrity, and the tenacity to grapple with these perplexing problems. We have endeavored with some moderate degree of success, to make our City government "people centered."

We quickly recognize that human problems are bound with our physical redevelopment. We must meet both the demands and the needs of the people. We, each of us, hope to bring in the decision-making process, our training, our education, and our backgrounds, to the end that all of the needs of the City of Pittsburgh are met.

This is our job. To this end, we will endeavor to achieve, as much as humanly possible, this goal. We accept the challenge and we hope that we will have maximum citizen participation in achieving those things which are best for our City.

I wish to express my appreciation and thanks to the voters of the City of Pittsburgh, Mayor Barr and the Democratic Party and I hope the year, 1968, will bring health and happiness to all.

Judge Brown, I know that you would like to say a word with regard to our friend, Pat Fagan, and at this time, if you will do that.

Judge Brown:

Mr. President, Monsignor, Justice of the Supreme Court, members of Council and ladies and gentlemen:

I don't think we ought to leave this assembly without someone not directly connected with this assembly, saying a word of goodbye to our beloved friend, Pat Fagan. The only thing I can say is that I think if any man has ever accomplished what Pat said he wanted to accomplish, to be a servant of the people, he has accomplished this. As you leave this high office of presidency, and I am speaking personally for myself and my immediate family, but I do not believe there is a person in the City of Pittsburgh or Allegheny County or the State of Pennsylvania who can say you have not achieved the highest principle man can aspire to and that is, to be a servant of the people.

The Chair:

I know the newly elected members of Council would like to say a word and the Chair recognizes the First Lady of Council, Mrs. Irma M. D'Ascenzo.

Mrs. D'Ascenzo:

Mr. President, Monsignor Brennan, Judge Brown, Mr. Fagan and Supreme Court Justice Musmanno, my own family, my son John, my daughter, Rosemary, my granddaughter, Cecile, my man relatives and friends and kind people who are here today and the people of this City:

No man travels a road alone and I haven't travelled alone. My road has been made easy and straight because of the help that I have received first of all from my late, beloved husband, Frank; from my family; from my friends, but most of all because the people of this City have elected me four consecutive times to represent them in Council. When you receive this great honor, I think it behooves us to accept it in humility and deep understanding. A person in public office in 1968 has enormous responsibility and enormous potentials.

Some people think it is the worst of all worlds and others think it is the best of all worlds. I think it is always a time for service and I hope in my ensuing four years that I, too, like Mr. Fagan, will be a good servant to the people of this City.

Thank you.

The Chair:

Thank you Mrs. D'Ascenzo.

It is my pleasure to call on Councilman Walter Kamyk.

Mr. Kamyk:

Mr. President, Right Reverend Monsignor, Reverend Clergy, our outgoing president, Mr. Pat Fagan, Justice Musmanno, my dearest mother, my beloved wife, Wanda, and daughter, public officials, ladies and gentlemen, my colleagues and friends, all:

Being a God-fearing man, I would like to add something to my oath of office, which I took a few moments ago. I would like to say and pray at this time for divine guidance with the following words and they are, "so help us God."

At this time also, I want to thank all those who helped me to get elected to this great office to represent our great City of Pittsburgh. I thank you from the bottom of my heart to all those who went out of the way to reelect us to City Council. Ladies and gentlemen, to the City of Pittsburgh and the Citizens of Pittsburgh, I pledge to work hard and I pray God gives my health to do so to make the City of Pittsburgh a better place in which to live. I pray we work not only for redevelopment of Pittsburgh but for the redevelopment of human hearts so that all people, all citizens of Pittsburgh, cooperate and work together that they may love thy neighbor as thyself. At the end, may I wish a happy, prosperous and healthy New Year of 1968 to all.

I thank you.

The Chair:

Thank you, Councilman Kamyk.

The Chair will now recognize Councilman Mason.

Mr. Mason:

Mr. President, Judge Brown, Judge Musmanno, honored guests, members of my family, my colleagues:

As a new face in Council, it was John Aloysius Patrick Counahan who said, "there is nothing wrong with your face, just that there is so much of it."

I appreciate this honor of being elected to City Council and it was rather difficult for me to place your name in nomination, Mr. President, after having worked so long with Uncle Pat Fagan. I, too, promise to be a working City Councilman and again, as in the past nine months, I look to the wisdom, the help, the guidance from many of my colleagues who have been tremendously helpful to me during my period of getting accustomed to the work of City Council. To the voters, I promise to be as faithful and hope the decision-making process will be as honest as can be made.

Thank you, very much.

The Chair:

Thank you, Mr. Mason, and I wish to thank you for that wonderful nominating speech you made for me. I thought it was wonderful and the fact of the matter is, I really want a copy of that. I want to thank Councilman Leslie, also.

It is now my pleasure to call on Councilman Peter Flaherty who will on behalf of Council address his remarks to our past president, Patrick Fagan.

Mr. Flaherty:

Mr. President, Monsignor Brennan, Judge Brown, Justice Musmanno, elected officials, my colleagues and friends:

At this time, I would like to offer a resolution which will be spread on the minutes and record of this Council, concerning our beloved colleague, Patrick Fagan.

Mr. Fagan has served as President of City Council for the past six years and over 18 years, served as a member of the City Council of Pittsburgh. Prior to his service on City Council, he was one of the outstanding leaders in the organized labor movement in the Country. In his early years with the United Mine Workers, he was one of the flaming crusaders who brought leadership to a union then in its infancy.

He worked for recognition of the man who went down into the bowels of the earth to toil under the most hazardous circumstances and he, himself, did the same toil. One of the early battles with his infant union and the coal operators took place in 1928 and at that time, the coal operators were so financially powerful, it was really no contest between the operators and the infant union and the strike which had been started was eventually broken by the coal operators. At that time, President Fagan spoke the following words, which he may remember this morning, and are so appropriate, I would like to quote them to you.

"The blade of my sword is broken but I will fight with the hilt in my hand because our cause is just and we must win in the end."

These words, I believe, epitomize the spirit of our beloved colleague, Pat Fagan. After that defeat, as we all know, the United Mine Workers went on to become one of the most important and one of the strongest unions in the Country.

Pat Fagan has met adversity many times on this earth, and conquered it. After losing his wife, he went on to raise seven fine sons, one of whom gave his life for his country in World War II.

On City Council, Pat brought with him his indomitable spirit and in times of adversity, the spirit has lent courage to us all. We, his colleagues on Council, are chetred by the fact Pat is remaining with us to serve with us and it is our prayer that God will keep him with us for many years to come.

At this time, I move the adoption of this resolution and ask that it be adopted by a standing vote of this Council.

Which motion prevailed.

Mr. Fagan:

Mr. President, to everyone who participated in the swearing-in of the four reelected members of Council, the kind words which were said by Judge Homer Brown and of course the beautiful prayer by Right Reverend Monsignor Brennan and now the eulogy of my co-worker, Peter Flaherty, I have no de-

sure to hold up the proceedings or the adjournment of the swearing-in but I just want to say this: I have said it before and would like to repeat it this morning.

I hope that I am half as good as my friends say I am and only half as bad as my enemies think I am and if that be true, then I have been a pretty good American and a good labor leader and a good member of Council.

Thank you, very much.

The Chair:

Thank you, Councilman Fagan.

Are there any other members of Council who wish to be heard at this time?

The next order of business pertains to Rules of Council and the Chair recognizes Councilman Kuhn.

Mr. Kuhn moved

That the Rules of this Council be adopted as is, those rules carried forward from preceeding Council, subject to such revisions as may be made under a reconsideration which a committee may take this year. Also, that the President of Council be authorized to appoint a committee to review and make recommendations of the Rules of Council.

Which motion prevailed.

Mr. President, I present a Resolution to the Acting City Clerk on behalf of our departed City Clerk, George Boxheimer of happy memory and I do this, Mr. President and Members of Council, with great regret on the untimely death of a man who served longer in the capacity of City Clerk than any other man in the history of the City of Pittsburgh. Of course, it is an irreparable loss, but at the same time, we have to continue on with someone competent to fill the job.

Mr. Fagan presented

Bill No. 45. It is with profound sorrow that the death of our friend and colleague, George Boxheimer, on Wednesday, December 27, 1967, is recorded.

Georg Boxheimer was a conscientious, energetic, and reliable city employee.

In the untimely death of Mr. Boxheimer, we have suffered the loss of a dedicated and energetic employee in the

Office of the City Clerk and the Council of the City of Pittsburgh. He will always be remembered for his unselfish devotion to public duty.

Therefore, the Mayor and Members of City Council express their most sincere sympathy to his family in their hour of bereavement.

Mr. Counahan:

We have a vacancy now for the office of Assistant City Clerk and the Chair at this time will accept names placed in nomination to the election of a new Assistant City Clerk.

The Chair recognizes Mr. Fagan.

Mr. Fagan:

Mr. President, members of Council, I rise at this time to place in nomination the name of a man who is the senior member of the City Clerk's office. He has been here longer than any other member of the office—in fact, longer than any member of City Council and that includes the President and the past President. Of course, his knowledge and ability in the office has been acquired over these years of experience and of course, experience is a great teacher. Theory is a wonderful thing, but practical experience is, to me, one of the most important things in any executive capacity or administrative capacity. You can go to college and you can listen to lectures and you can read books and have a lot of academic training but there is nothing like practical experience. As a result of the practical experience and knowledge and ability and the years of service that the man I am going to nominate has, I think he is well qualified to be the Assistant City Clerk and therefore, I am glad to present the name of Franklin J. Hicks as Assistant City Clerk for the ensuing term.

Mr. Kuhn:

Mr. President, I second the nomination.

Mr. Flaherty moved

That the nominations close on the name of Franklin J. Hicks.

Which motion prevailed.

| Mrs. D'Ascenzo | Mr. Leslie |
| Mr. Fagan | Mr. Mason |
| Mr. Flaherty | Mr. Counahan |
| Mr. Kamyk | (Pres't) |

Ayes 9. Noes none.

And Franklin J. Hicks having received the unanimous vote of Council was duly elected Assistant City Clerk for the ensuing term.

Edward Foerster who was the father of Thomas J. Foerster who was a former employee of the City Council of Pittsburgh and now is a member of the County Commissioners of Allegheny County.

Commissioner Foerster's father had a long and active career; in fact he lived to be past 82 years of age. He was a man well respected in his community. He was an outstanding citizen and, of course, we are proud of his son who

was once connected with the City Clerk's Office and later with Civil Service and the Legislature.

Today, as a result of all the outstanding things the father did, I move that when we adjourn, we do so with a rising vote and silent prayer to the memory of J. Edward Foerster, father of Commissioner Thomas J. Foerster.

Which motion prevailed, and Council adjourned.

Mr. Fagan:

Mr. President, Members of Council:

What I am going to say now is not news. It has been published far and wide. As of January 31, 1968, I regretfully submit my resignation. I don't think it's necessary at this time that I go into a detailed account of why I am resigning. I think I made that plain on January first when the four new members were given the obligations of office and I then made it very plain that I was not a candidate for re-election to the presidency of City Council.

I have enjoyed the years I spent here in City Council with all of the different men, and the lady, with whom I have had the privilege of working. I have agreed with most of the members of Council on the majority of occasions and there were occasions I have disagreed and made my position very clear as to why I was in disagreement.

I want to express my thanks, my gratitude and my appreciation to the citizens of the City of Pittsburgh who have nominated me on five different occasions and elected me to office on five different occasions. I have been in Council since January 3, 1950. It has been a revelation to me to have the privilege of working with so many different members of Council, some of them now gone to everlasting reward, deceased, and some who have been promoted to positions of the judiciary or to

Sheriff of Allegheny County, or other important positions. All of these men I enjoyed working with and working for.

As an official of the Mine Workers and also a member of the State Labor Relations Board and Area Director of the War Manpower Commission and later as member of Pittsburgh City Council and President for three terms, I have always worked with people and for people.

Of course, I leave with very sad emotions because of the support I have received from the members of the Pittsburgh City Council. I made friends and sometimes enemies but most of the time, the members of Council, and I say to all of the members of Council, I have been their friend. There have been arguments, discussion and debate, and so forth, but after it was over, it was always said we could look upon one another and exchange greetings and a smile. After all, to me, friendship is one of the greatest things a man can have in life and I certainly appreciate the friends I made in Council.

In retiring on the 31st day of January of this year, I want to wish for the President of Council, John Counahan, a very successful tenure in office. I wish for all of the other members of Council a very successful administration. I know that the days ahead are going to be hard. You're going to have some very important and responsible decisions to make in connection with carrying on the affairs of this great government of ours. I have, in a sense, been a part of the renaissance of the City of Pittsburgh and delighted in what I was able to do toward Gateway Center and the Arena. Of course, I didn't go along with the situation at the Arena because I figured the movable top would probably be a white elephant and I said so, not only privately, but publicly. I am proud of the Arena. It is a great building. On Saturday night we had the largest audience, in for a hockey game, we have had in the history of the Arena. I want to wish the Chairman of the Finance Committee, Phil Baskin, a lot of luck in helping to manage the affairs of our Arena to make it a financial success.

I had the privilege of introducing the

Fair Employment Practice law. I was for the creation of the Commission on Human Relations and for the Open Housing law in the City of Pittsburgh. Of course, there isn't any doubt about it, I think it is, as I said in my statement on January 1st, the most outstanding Open Housing law or bill or ordinance that there is anywhere in the United States. The one thing I regret is that we have not been able to clear up our slum situation in the City of Pittsburgh. It is true that we have done a lot of things and have gone a long way in trying to meet these obligations. We have a judge and a court now, on housing, and I hope this will eventually meet the requirements of slum housing in the City of Pittsburgh. When I was first in Council, the first committee I served on was the one Walter Kamyk is now the chairman of, the Committee on Lands, Buildings and Housing. When we received notice that houses were empty or vacant or vandalized, I was always in favor of having them demolished or torn down and removed and new property built.

City Council has great responsibility in connection with slums and I hope that you can go forward in the year 1968 so that we will avoid any riot or uprising in the City of Pittsburgh and continue on in the manner that you have over the past 18 years that I have been in Council.

I'm proud of every member of Council with whom I have served. I found them men of integrity, ability and courage and I found them interested in the welfare of all of the citizens of the great City of Pittsburgh.

When I first came to Council, I think the budget was about thirty million dollars and now it is better than eighty million dollars, which is quite a figure. Of course, there are a lot of reasons for it—Increase in wages, inflation and deflation, and all of the other things that have entered into this picture to make this situation.

My farewell to all of you is that the Lord will give you the health, strength, intellect, imagination and initiative to carry on, in the future, as you have in the past and to make the City of Pittsburgh one that we can all be proud of and the Lord will bless all of you in the

great task that lies before you. I say, in closing, good luck to you and God bless you.

Mr. Fagan presents letter of resignation

January 22, 1968

President John F. Counahan
and Members of Council

Dear Colleagues:

With mixed emotions, I hereby submit my resignation as a member of the Pittsburgh City Council, effective January 31, 1968.

This is not one of the most pleasant decisions I have had to make during my lifetime, in parting company with His Honor, The Mayor Joseph M. Barr, the members of Council, all of the staff in the City Clerk's office and, in fact, all of the employees in the City of Pittsburgh.

I have had unlimited kindness bestowed upon me by a vast majority of the City employees and I am more than grateful to the Democratic administration of the City of Pittsburgh for nominating me on five different occasions and electing me to City Council. I have enjoyed my tenure in office and will always cherish the friendships I have made over the past 18 years.

I leave this office with a feeling of gratitude, respect and admiration for the dignity of my colleagues who have served in City Council with me.

I say to all of you, "Be good to yourself, because you couldn't be good to a nicer person."

Faternally and Sincerely yours,

PATRICK T. FAGAN

Read, received and filed.

Mr. Counahan:

Thank you, Mr. Fagan.

Certainly we, as members of Council, have heard rumors to the effect you were going to retire as a member of Council. We were just discussing it the other day, Councilman Flaherty and a few others of us, that you have been

looking so well recently, we were hoping you would stay with us, I suppose there is no chance, in asking you, that you would reconsider but we would like to have you stay. However, if your mind is made up, words cannot express my feelings in the matter.

You and I have been together many and many a day, Pat. We served together as members of organized labor and many a time, problems I had, I would take to you to help me solve.

One time in my career, I had occasion to be sort of left out in a contract, a labor contract. Under the ruling of that particular contract, members in the Armed Forces were to be put to work before anyone else. I wasn't able to get anywhere and I went to see my good friend, Pat Fagan, and two days afterwards, I was on that particular job which was a great help to me and my family.

You not only did that for me in the past but for a lot of other people and again, I reiterate, words cannot express my feelings of regret at your resignation. I hate to but I suppose I cannot do anything but accept your motion.

Mr. Flaherty:

Mr. President:

I am sure all of us realize the very difficult decision Pat Fagan makes. As you said, I am sure we all recognize, once Pat made up his mind, there is nothing we can do to change it. I am sure the people of this City, as well as all of us, recognize the great contributions Pat has made over the years to City Council and particularly to the City. I can only say that we are going to miss you and the City is going to miss you and can only wish you many happy years in your retirement.

Mr. Counahan:

Thank you, Mr. Flaherty. Anyone else wish to be heard?

Mr. Baskin:

Mr. President:

I am sure next week we can have a

more appropriate farewell to Mr. Fagan than we can today. Certainly the years of service he has given us deserves all we can say, formally and through preparation, in response to his statement. However, at the risk of omitting things that may well should be said, I would like to say a few things on behalf of myself and, I think, on behalf of most of the members of Council.

Pat Fagan, I am sorry to say, is a vanishing breed and it is really sad that we can't have more of him. Although more than a generation separates him from myself and many other members of Council, I never really felt that there was any separation between us in the consideration of various matters that came up before Council.

I found in Pat Fagan, which was to me always surprising, a never-ending zeal for what he thought was good, not only for the City but really for every man in it. No man was too small or too mean or too low in the strata of our society for him not to consider his welfare. I have met very few men in my lifetime, particularly in politics, for whom I have learned to have such a tremendous affection and respect as I have for Pat Fagan. I have met very few people in public life so dedicated to human rights. There was never a time when a matter of human welfare or human rights arose in this Council that I did not know that Pat Fagan would support whatever legislation or whatever program would be advanced to encourage progress among all people regardless of race, creed or color.

Despite the fact he was President of Council, despite his record as over many years he sought to establish rights for working people, Pat Fagan remained always a very modest man that also always impressed me. I never heard him take advantage of his position in any matter and the regard he always showed other members of Council was sometimes quite amazing to me in view of his seniority and in view of his experience and stature in the City, generally, I think perhaps nothing better tests his integrity and his devotion to the welfare of the City than this last act of his in Council in resigning. You can look long and far in politics, as well as in private business, but particularly in

politics, before you will find a man who stands up of his own volition and says to his colleagues and to the community in general, "I think I have come to the end of the time when I can make any further contribution in the terms I would want to make them and therefore, I am resigning." As I said before, I think it is very apt; it epitomizes the dedication Pat Fagan has given to his fellow-man in public life and, before that, with the mineworkers.

And so, Pat, for myself, and I am sure all members of Council will speak for themselves, I regret this day but I am very happy to have served with you on Council and I am sure that the people of the City of Pittsburgh are better for your having been here with us.

Mr. Kuhn:

I will try to be brief. I will say, personally, how very much I will miss Pat. I have said, when we organized New Year's Day, I hoped we would have the opportunity to have Pat's good humor and wit, as well as his keen insight into affairs, with us for a long time to come. I am sorry he has come to the point he feels he must retire now.

There are two things I want to say. I think we all appreciate, and I have already mentioned this, his humor and wit which is a part of his character. This was displayed quite well as he served as our presiding officer. There were times very trying in presiding over this body when some of us perhaps gave him reason not to keep that wonderful balance of temper.

The other thing is well known, too, but I want to mention it. In the community as well as here, Pat's representation as a man of integrity and goodness to his word is broadly known and understood. I have talked with men who dealt with him when they were on the other side of the table from him in labor relations. They have been unanimous in saying Pat Fagan's word is always good and they felt it a pleasure to deal with him because they knew where they stood with him.

This was my experience in Council with him and I am going to miss him

very much. I said Pat had been my mentor and it is true. In many ways, I have probably learned more from Pat than anyone in Council. I hope he comes back to visit with us because I know we are going to miss him.

Mr. Leslie:

I, too, shall try to be brief. I can't afford to let this moment in time pass without saying something about Pat. When I first came into Council six years ago, I was a little afraid of Pat, I think. As the years went on, I learned to respect him. The longer I worked with him, I learned to love him as a man, to respect him, and had deep feeling for him. He has been a great help to me in this Council in more ways than one. Not just because I went to him for advice but I think he meant something else to me. His sincerity, his honesty, his conviction in that if he thought something was right, no one could change him. This is what he fought for and this meant a lot to me.

I will always treasure particularly, I know, the deep meaning that friendship has for Pat and when he calls me his friend, I can ask for nothing more. I hope he feels I am a friend of his.

Thanks, Pat, for what you have done for me.

Mr. Kamyk:

On occasions such as this, words do not flow very easily. I have always admired the courage of Pat Fagan. I would put it this way: I think the only Being that Pat fears, and he probably doesn't fear Him but respects Him and adores Him, and that is, God.

I know that Pat is a daily attendant and communicant at a Mass and I have always admired that virtue in him and I think it is because of that virtue that he has acquired the extent of courage he has. I do admit, on occasion, that courage overflowed to me. I hope I can emulate him as Chairman of the Lands, Buildings and Housing Committee because I have heard of the wonderful job he did. I am sure his retirement, because of his character and his interests, will be a happy one.

Mr. Mason:

Mr. President, perhaps you and I share one thing in common. Our association began with Mr. Fagan long before either one of us were in City Council. I have known Uncle Pat 20 years, almost since the first day I came here. At that time, he was Director of the War Manpower Commission. He later was with the Pennsylvania Employment Service. His contribution to the Urban League, as Board Member to the Urban League and as member of the Industrialization Committee his contribution to the NAACP in getting race or labor programs through; his contribution in bringing about the Civil Rights Committee of the United Mine Workers; his influence was felt when it became time for Negroes to be given consideration for a judgeship, and his close affiliation with Philip Murray of the United Steel Workers played a real important part in the affairs of this community.

As chief of the United States Employment Service, he did much to straighten out certain kinds of difficulties in employment and he never hesitated when he was given sufficient evidence to bring this kind of thing into some kind of perspective. Emory Bacon, who had the Education Department of

the United Steel Workers of America, called him "Uncle Pat" in 1949 and I have been calling him "Uncle Pat" ever since.

I wish for him a very happy retirement and I, too, hope he will visit this body as frequently as he possibly can.

Mr. Flaherty:

Mr. President, the feelings about Mr. Fagan's request has been very sadly expressed by all of his colleagues and I move his request be granted.

Which motion prevailed.

Mr. Counahan:

Thank you and Mr. Fagan, I hope you will come around to see us often and if not, we will be around to see you.

Mr. Leslie moved

That Council adjourn with a standing moment of prayer for the retiring Mr. Patrick T. Fagan that he may continue in good health.

Which motion prevailed.

Council adjourned.

And the bill was read a second time and agreed to.

Mr. Counahan:

On second reading, Mr. Shankey is here and he would like to make a statement in regards to the Stadium Authority and if there are no objections?

Mr. Baskin:

Why didn't he make it in Committee meeting

Mr. Shankey:

We did not know it was being heard in Committee meeting. We were not notified of it. We were told we would be notified of all hearings but we weren't.

Mr. Fagan:

Mr. Chairman, I might say for the information of Mr. Shankey or anybody else that Councilman Leslie had the bill postponed for one week in order that anyone who wished to appear for or against the bill could be here.

Mr. Counahan:

Mr. Shankey, I believe, has a letter from Council, signed by me in 1966 and if he will let me have that letter, please.

Mr. Baskin:

Mr. President, all we're voting on, at any rate, is to send it out with bids. If Mr. Shankey thinks he has something that should influence us, we will have plenty of time to hear it before the project really proceeds and I don't see any urgent reason for disturbing our normal procedure today.

Mr. Counahan:

If Mr. Shankey will read the letter, please.

Which was done.

Mr. Counahan:

A public meeting of Council, of course, wasn't a hearing. We had this at the table during Committee meeting. What is the pleasure of Council. He must receive unanimous consent.

Mr. Baskin:

I do object. He has had plenty of opportunity and will have plenty of opportunity in the future. All that is being done today is sending it out for bids. When the plan comes up again, everyone will have the opportunity to discuss it, when the plans for financing comes up again.

Mr. Kuhn:

Mr. President, I don't think we should deny a citizen an opportunity to speak on a subject in which he may have practically no hope of converting any of my colleagues. I think he has a letter indicating he would have the opportunity to present his views at a public meeting of Council and this is a public meeting and if the bill is adopted without his having had the opportunity to speak, I think he can justly say he was denied that which the letter says he would have.

Mr. Leslie:

The fact you mention public hearing, a public hearing wasn't required and if I am not mistaken, none was requested to any members of Council. At least, the President of Council didn't indicate he was requested to have a public hearing.

Mr. Counahan:

No, there was not a request for a public hearing. Mr. Shankey is reporting on a letter from me to him stating, in effect, that we would have public meetings on it, not a hearing.

Mr. Baskin:

The press advertised it widely in its stories and if he were really that interested, he would have been here; others were here. I, for one, would not vote in favor. There is no need wasting time.

Mr. Counahan:

I am sorry, Mr. Shankey. You cannot make your statement before Council.

Mr. Shankey:

Mr. President, may I leave with the Clerk of Council a copy of our statement on our view, our official position?

And Mr. Shankey presented to the Clerk of Council the Official Statement on the Northside Stadium of the Civic Club of Allegheny County.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

| Mrs. D'Ascenzo | Mr. Leslie |
| Mr. Fagan | Mr. Mason |

Noes:—Mr. Kuhn

Ayes 8. Noes 1.

OFFICIAL STATEMENT ON THE
NORTHSIDE STADIUM

PRESENTED
IN
PITTSBURGH CITY COUNCIL
JANUARY 29, 1968
BY
GEORGE W. SHANKEY, JR.

Mr. Chairman, Members of City Council:

As you know from our past communications to your Council, and statements in the public media, The Civic Club of Allegheny County has consistently supported the proposition that a new sports stadium for this community is desirable and that governmental support may be needed to assure its development.

A poll of our total membership, the results of which were put in the public record, established the fact that, while a great majority preferred total private financing, there was also support for a referendum to provide total public financing for a municipally owned facility in which ALL income derived from its use would revert to the public treasury. A third question in that same canvass of our membership also reflected a willingness to support the proposal before you for implementation—BUT ON THESE CONDITIONS:

1. That prior to final adoption or steps for implementation, a public hearing would be held in which all facts relating

to the financing and management would go into the public record, under oath.

2. That the weight of testimony in such hearing supports the contention of the proponents that this plan is in the public interest and the best way to get the project completed.

To this moment, these conditions have not been met. In fact, on one occasion when the respected President of this Council suggested the desirability of a complete public review, our local news media quoted a member of this Council as saying that such a procedure should be rejected because it would subject proponents of the "Plan" to cross-examination "Under oath." Apparently his viewpoint prevailed but the Civic Club finds this position incomprehensible. Why should there be this constant reluctance—indeed, outright refusal—to subject this issue, as well as its proponents and opponents, to the time-tested and time-honored examining processes which are employed for adjudicating other disputes, both public and private? If the truth, the whole truth and nothing but the truth has been told in support of this project, we would suppose the "Plan's" proponents would welcome such exposure—if for no other reason than to discredit its opponents in an approved "Court of Public Opinion."

The hard fact is that we of the Civic Club who have been charged with the responsibility of investigating this undertaking have more than conjecture to support our belief that the public, certainly—and possibly even this Council—have not been told the whole truth. We particularly cite as authority for this belief none other than Mr. Burrell Cohen, chief architect of the present Stadium Financing Plans.

In a private meeting, attended by Mr. Gratz, President of the Stadium Authority, Mr. F. E. Schuchman, Civic Club President, Mr. Neely, a member of the Club's legal advisory staff and myself, Mr. Cohen candidly admitted that the present plan is NOT in the best public interest—BUT, THAT UNDER THE MANDATES LAID DOWN BY THIS COUNCIL, IT WAS THE ONLY POSSIBLE SOLUTION.

For the record here, it should be noted that the Civic Club's Stadium Commit-

tee had arrived at that conclusion long before Mr. Cohen confirmed it. Indeed, it was because we had reached this conclusion that we have tried for two years to get this Council to hear us. Communications to Council President, Fagan, to Mr. Counahan and to former City Solicitor Mr. Craig, will attest to this. It also explains our "Friend Of The Court" appearance in a previous legal action which we undertook in the hope that facts rather than frozen opinions might become a part of the official record.

Another fact should also be made a part of this record as evidence of the Civic Club's goodwill and objective interest in achieving the goals of civic progress.

When Stadium Authority officials found themselves caught in the "Bid" fiasco of a year ago, they wisely took steps to prevent its recurrence. The Civic Club applauded the announcement that Turner Construction Co. had been engaged as consultants on the technical details of Stadium construction. The Club immediately suggested a similar and concurrent study of the financing plans. Club President, Mr. F. E. Schuchman, whose record of service to this community is long and illustrious, personally appealed to Mr. Cohen and Mr. Gratz to engage consultants of equal stature in the field of financing and management who could provide the same impersonal and objective analysis of the financing arrangement as the Turner organization was supplying in technical matters.

Finally, the Club wants it clearly understood that this appearance here today is not intended solely as a review of past events. It is a part of a continuing effort of this organization to serve this community as it has done since its inception in 1895. Dozens—if not hundreds—of projects which have marked the growth and progress of Pittsburgh and its environs bear the label, "Made in the Civic Club of Allegheny County." In this instance, as in the past, no effort will be too great, no step will be avoided to make sure that Pittsburgh gets its needed sports facility. But we also intend to use every available means to insure that its financing plan does not contain concealed and built-in threats to the future economic welfare and social growth of the community.

Therefore, we strongly urge this Council to withhold further implementation of this project pending completion of:

A. An objective analysis of the financing and management plans by outside consultants as herein recommended; and

B. A formal review of ALL findings and facts has established the BEST way to achieve our goals.

Some will complain that this means more delay. Let it be noted that the most serious delays have been caused by the very ones who have been most vehement in a long record of complaints about delay. Indeed, the present situation would not even exist if proper analysis and public review had been conducted concurrently with other developments. Appeals to the Courts are also a distinct possibility if avenues of free and open discussion are not voluntarily afforded. Reliable information indicates that the only deterrent to such action up to now has been the probability that prohibitive construction and interest costs would serve the same end. Such an eventuality would entail much greater delay than will occur if this recommendation is followed.

And, certainly at this time when our National Government is reducing its commitments in public construction to reduce inflationary pressures; when unsettled and threatening international affairs portend severe strains on our economic and material resources; and with some 40,000 Pittsburgh families needing the services of building tradesmen to bring their housing into the 20th Century, there is ample reason to "STOP-LOOK-AND-LISTEN" before undertaking a project of this magnitude.

A sage has said, "The principal difference between a rut and a grave is its depth." Wouldn't this seem to be a good time to get out of the rut of "False Starts?" The alternative could well be a grave—marked, "FAILED AGAIN."

MOTIONS AND RESOLUTIONS

Mr. Flaherty presented

Bill No. 137. Whereas, Pursuant to Ordinance No. 110, approved March 29, 1965, and in the manner prescribed by the Urban Redevelopment Law, Act of May 24, 1945, P. L. 991, as amended, the Redevelopment Proposal for a part of Redevelopment Area No. 22 in the Twenty-first, Twenty-second and Twenty-third Wards of the City of Pittsburgh was approved; and

Whereas, The Urban Redevelopment Authority of Pittsburgh has submitted, by letter dated January 24, 1968, a form of Contract for Lease of Land for Private Redevelopment by and between the Urban Redevelopment Authority of Pittsburgh and the Stadium Authority of the City of Pittsburgh, in connection with Parcel 2 in the Twenty-first Ward of the City of Pittsburgh in Redevelopment Area No. 22; and

Whereas, The within named parcel was acquired by monies from the Industrial Land Reserve Fund and

Whereas, The Council of the City of Pittsburgh believes that the proposed Contract is in the best interests of the City of Pittsburgh and desires to give its approval in accordance with the provisions of the Urban Redevelopment Law.

Now, Therefore, Be It

Resolved, That the form of Contract for Disposition by Lease of Land for Private Redevelopment by and between the Urban Redevelopment Authority of Pittsburgh and the Stadium Authority of the City of Pittsburgh, submitted to this Council by the Urban Redevelopment Authority of Pittsburgh by letter dated January 24, 1968, in connection with Parcel 2 in the Twenty-first Ward of the City of Pittsburgh, be and the same is hereby approved, it being in substantial conformity with the Redevelopment Proposal for a part of Redevelopment Area No. 22 in the Twenty-first, Twenty-second and Twenty-third Wards of the City of Pittsburgh, and in

accord with the terms and conditions of the Industrial Land Reserve Fund Cooperation Agreement.

Which was read.

Mr. Flaherty moved

Adoption of the Resolution.

Mr. Kuhn:

Mr. President, may I have some discussion on this.

Despite the fact at least one of the members of Council feels no further discussion is indicated with respect to the Stadium Authority and even though the minds of most of my colleagues apparently have been made up, I want to point out why I'm going to vote against this resolution. This resolution which is introduced, if it is adopted today, will have been adopted with no public opportunity for expression of opinion to be had at all.

This will provide for the leasing to the Stadium Authority, as I understand it, of a two-acre piece of land outside the stadium project area at a rental which is less than the Stadium Authority will then realize with its leases with the Pittstad Corporation. I am, by no means, in opposition to the development of the area on the north shore of the Ohio and Allegheny Rivers for taxable purposes. This particular purpose which calls for the building of a 14-story motel, as I understand it, is certainly one that might very well be an inappropriate one. Certainly, considering what the proposal is, one would have expected the Stadium Authority to have included in its plans for air rights development of the 84 acres of tax exempt land.

But, unfortunately, this appears now to be a parcel of land outside the stadium area, the profits on the rentals of which will go to shore up the financial situation of Pittstad Corporation and the Stadium Authority. I am going to vote against it for that reason.

I want to note that my vote as a member of the Redevelopment Authority was made in the mistaken assumption that the two-acre parcel of land

was within the stadium project area so now, in voting contrary to the way I voted then, I wish to point out my understanding of it has been corrected. I do believe in view of what I have been told and what I have learned with respect to this resolution that this does affect land outside the stadium area and land which would otherwise be subject to development either by the Redevelopment Authority or privately, for taxable uses, without the loss of the profit from it to either the Redevelopment Authority or through such other private means as might be.

I understand this is in the Reedsdale-Ridge area and if the Redevelopment Authority were to put the property out for development without this arrangement with the Stadium Authority, certainly more would be realized. It appears the rental the Stadium Authority will pay is \$25,000 a year and what it will collect from the developer will be \$30,000 a year plus a share of the profits, a percentage of the gross receipts from the motel that is put there. I think this is money that ought not be diverted to the Stadium Authority to provide it with additional funds. The stadium should not be taking away from land in the City.

Mr. Leslie:

Mr. President, Mr. Kuhn made a lengthy statement and I would hesitate to answer some parts of his statement. I would say, though, that for the benefit of the press, Urban Redevelopment, of course, is partners with the Stadium Authority making it possible for Holiday Inn to come into Pittsburgh and spend the \$4 million to furnish this with over three hundred rooms and over 300 parking spaces at their own cost. It will employ over 200 people; it is taxable real estate and it will make work for tradesmen—people in the area in the building trades.

As far as financing it and how it was set up, for those of the press who are interested, I would suggest they check with the Urban Redevelopment Authority who made it possible for this to happen, along with the Stadium Authority. Mayor Barr, being Chairman of the Redevelopment Authority, I think it had the sanction of the administra-

tion of the City of Pittsburgh. I feel certain nothing was done to divert any income from Urban Redevelopment or from the City of Pittsburgh. It was felt this was a location chosen by the developer outside the stadium area, made possible by the cooperation of the Urban Redevelopment, the Stadium Authority, and the City of Pittsburgh, because we felt it was good for the City of Pittsburgh. Anything in the financing as to what effect it has, what words may have been used to describe this, so that there be no mistake in what I am saying, I think they should check with responsible people in both agencies to get their view on this. Thank you.

Mr. Baskin:

Mr. President, I think this project points up one of the benefits the stadium brings to the City of Pittsburgh. There is no question in my mind, nor anyone's mind, that anyone would have built, or wanted to build, a project of this scope in the area proposed if the stadium project were not going forward. One of the justifications for the stadium project was that it would bring to the Northside, as well as to the City, generally, new enterprises of various kinds and I think proof of it is the decision of this chain to invest so many millions of dollars in a piece of property that several years ago brought no revenue to the City of Pittsburgh, certainly not of any consequence. Now here we are, as Mr. Leslie pointed out, because of the stadium, with a project which will provide several hundred persons with employment, and needed facilities for bringing conventions to the City of Pittsburgh and generally make for the Northside a much more prosperous and stable economic area.

No matter what one may think of the stadium project, it is rather silly, I think, for any of us now to say much more than has been said in the past.

History is going to record who was right or wrong on this project. I, myself, believe it will be one of the finest decisions we have ever been able to make to benefit the City of Pittsburgh, generally, and the Northside, particularly, and I am willing to abide by what happens in the next few years to test my judgment on this as against the

judgment of those who think it is not a wise project.

Mr. Kuhn:

Mr. President, Mr. Leslie and perhaps Mr. Baskin mistake my intent. I would like to make it quite clear my objection is not to the particular development. I think it is an appropriate one.

However, in view of what the stadium proposal was initially, the development of air rights—for stadium air rights, itself, I do believe the confidence of Mr. Baskin evolves in the Stadium Authority, were it full and adequate, there would be no need for the Stadium Authority to take off the top of this development, outside the stadium area, the profit, in order to shore up its own finances, the difference of \$5,000 a year. Plus, there is a percentage of profit that will be realized from the Holiday Inn which will be put in the stadium or Pittstad accounts to shore up its finances.

I think if the Stadium Authority is to continue to bolster up its finances by moving outside the stadium area and take funds from the development of land outside the stadium area, it is a further indication of the weakness of the proposal in itself.

Mr. Leslie:

Mr. President, I don't think there is any weakness in the proposal. I don't think it should ever have come to Council if there were a weakness in the program as far as the motor hotel. I think it should have been stopped in Mr. Kuhn's Redevelopment Authority at the outset. If there had been any thought this was not a good idea, if there would have been any question of bolstering Pittstad's financial state, they would not have gone along with it. This is my judgment on it.

If it is a matter of wording, if you do not have all the facts before you, and I won't pretend I can debate it without the written words, I would suggest you check with the Urban Redevelopment Authority. All I'm saying, any weakness, it shouldn't have gotten this far. Urban Redevelopment should never have agreed to it, if there is a weakness.

Mr. Kuhn:

Maybe action should be deferred in order that the facts can be fully developed.

Mr. Kamyk moved

That Council nominate and elect a member of City Council.

Which motion prevailed.

Mr. Flaherty:

Mr. President, Members of Council, it is a pleasure for me to open the nominations to fill the vacancy created by the resignation of a good friend and colleague, Patrick Fagan, who resigned a few weeks ago. I place before you as a nominee to fill our elder statesman's seat the name of his son, Thomas L. Fagan. I am not going to go into a lengthy discussion of his accomplishments because I think he is known to all of us and the many times he has been known as a leader in our community and in many walks of life. I would like to point out a few salient points on his career.

He was born on March 31, 1917 in Homestead, Pennsylvania and after leaving high school in 1933, he has devoted his entire career, with the exception of his Army service, to the trade union movement. At present, he is President of Local 249 in Pittsburgh. During World War II, Tom won a Bronze Star for his service in the 36th Infantry in the European Theater. He, at present, is a Trustee of the Community College. He is not here today, as we all know, as he is a Delegate to the Constitution Convention in Harrisburg.

Tom makes his home on Roslyn Drive in the South Hills section of Pittsburgh where we, at present, have no Councilman on that side of the river. We are very happy that, geographically, we will have a Councilman from the South Hills section of the City, if my colleagues select him. He has been a responsible leader in the trade movement, a civic leader in Allegheny County and I believe he will be a worthy successor to his father and I would like to place in nomination, Thomas L. Fagan for the Council of the City of Pittsburgh.

Mrs. D'Ascenzo:

Mr. President and Mr. Mayor, I wish to second the nomination of Thomas L. Fagan. I would like to add a few re-

marks to what Councilman Flaherty has said. That is, he will bring to this Council a tradition of service to all the people of this community and to every segment but particularly, he will bring to it a knowledge of all the problems that beset men and women who work for a living. He will be a valuable addition to this Council and I am quite sure he will follow in the magnificent tradition his father, Patrick Fagan, has established as member of Council. I am happy to second the nomination of Thomas L. Fagan.

Mr. Leslie moved

That the nomination close on the name of Thomas L. Fagan (Seconded by Mr. Kuhn).

And on the question, The Chair declared the ayes to have it, and the nominations closed.

The Chair:

The question is on the election of Thomas L. Fagan, to be a Member of Council to fill a vacancy for the unexpired term until the next municipal election, and on the election of Mr. Fagan, the Clerk will call the roll.

And the roll having been called, the votes for Mr. Fagan were as follows:

Ayes:—

| | |
|----------------|-----------------|
| Mr. Baakin | Mr. Leslie |
| Mrs. D'Ascenzo | Mr. Mason |
| Mr. Flaherty | Mr. Oounahan |
| Mr. Kamyk | (Pres't) |
| Mr. Kuhn | Mr. Barr, Mayor |

And Mr. Fagan, having received all of the votes of the Members of Council present, and Mayor Barr, constituting a majority, is duly elected to fill the unexpired term of Mr. Patrick T. Fagan, resigned, in accordance with the provisions of the Act of Assembly, approved May 31, 1911.

Mr. Flaherty moved

That Council adjourn.

Which motion prevailed.

And Council adjourned.

Ayes 5. Noes 1.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Leslie

Mr. President, I am voting "Aye" on Bill No. 71 and "No" on Bill No. 191. My reason for voting in the Negative on this Bill is, as I said previously, I thought there should have been a comprehensive plan submitted by the Academy, particularly since it is in the Oakland area where, in the past, we have had such problems with the parking

situation. I am not opposed to the construction of this building; I am for it. But I think if they intend to expand in the future, and I understand they are acquiring some adjacent property, I think we should have had a report on the plan for parking, particularly where they add to the need for parking in the area.

Mr. Kamyk:

Mr. President, I do not think it appropriate to start a debate during the roll call but since it has been started, I would like to say why I voted "Aye." I don't think the building of this particular library at Mt. Mercy will handicap the traffic problem or the parking problem in Oakland any more than it is now. In fact, I think it will improve the parking conditions because due to the building, they will also furnish 50 new parking spaces. As before, the same students attending the college and the same faculty teaching there are going to use the same parking spaces. Therefore, they will probably take 50 parking spaces off the street and put them on campus, so it is an improvement in that respect. That is why I am voting "Aye" on this Bill.

UNFINISHED BUSINESS

Mr. Counahan:

Under the heading of unfinished business, we have a pleasant duty to perform. Will Mr. Leslie and Mr. Mason kindly escort our past President and colleague, Mr. Patrick T. Fagan, to the podium.

(Escort dismissed with the thanks of the Chair).

Mr. Counahan:

Judge Cercone, Deputy Mayor Stahl, Mr. Patrick Fagan, Council Members, members of organized labor, and friends:

At the recessed meeting of City Council on February 14, 1968, Councilman Flaherty moved the nomination of Thomas L. Fagan to fill the unexpired term of Patrick T. Fagan who resigned January 31, 1968. Council Lady D'Ascenzo seconded that nomination. Thomas Fagan was elected unanimously by the members of Council and the Mayor of the City of Pittsburgh. At the time of his election to Council, Mr. Fagan was a delegate to the Pennsylvania Constitutional Convention and he would not accept the obligation of office here until such time as his duties there were completed. His duties are now finished and we will proceed with the Oath of Office which will be administered by Judge William F. Cercone.

Will Mrs. D'Ascenzo and Mr. Flaherty kindly escort Mr. Thomas L. Fagan to the podium.

(Escort dismissed with the thanks of the Chair).

Mr. Counahan:

Judge William Cercone will now give the Oath of Office.

Judge William F. Cercone:

Mr. Counahan, Deputy Mayor David Stahl, Mr. Pat Fagan and members of Council and officials of the great City of Pittsburgh and the County of Allegheny, and friends of Tom Fagan:

This event, which officially launches Thomas Fagan into a new career as a member of Council of the City of Pittsburgh, is truly a remarkable and wonderful moment in the life of the Fagan family and, equally significant in the life of the City of Pittsburgh. The names of Pat Fagan and Tom Fagan are so interrelated and so associated with the history and growth and present dynamic concept of Pittsburgh by reason of the contributions they have made to them, that today they are the recipients of the highest esteem, respect and honor that a community can have for a father and his son. Today, Pat Fagan symbolically turns over the mandate of the people which he has held in his hands over the years, to those of his son. Through this transfer of responsibility to this son, we are assured of continued public service in the highest tradition of public office, so that this is truly a particularly proud day for Pat Fagan; a man who fears no one except his God; who has dedicated all his life to the cause of the working man; who in his earlier years, gave of himself unstintingly and unreservedly to that cause and brings us to the present era where labor and management share a responsibility for the well being of the community, not only in the City of Pittsburgh but throughout America.

In his public life as a member of this most important legislative body, the Council of this great City of Pittsburgh, Pat Fagan again demonstrated the love he has for this City of his by his work in advancing the social and industrial and educational prowess and know-how of the City. So that it was only natural that Tom Fagan would inherit the belief that no life was so important as the one chosen by his father—that of selfless service to Country and community; that service which brings within the ends of that service the sacrifice of personal interest and likewise the courage to stand up unflinchingly to the Constitutional Convention. The duties that Tom will assume will be assumed with the

same integrity, same honesty, same fairness, with which he carried out his responsibility as labor leader and, eventually, as a member of the Constitutional Convention, and with those same attributes which he so carefully attended as husband, father and citizen.

To Pat Fagan, as he leaves his place of honor from public life, I know we all wish him every good wish for health and happiness for many, many years to come. As we administer this Oath of Office, which is a very short one under the new act of the Legislature, we extend to Tom Fagan our most fervent prayers and wishes for God-given wisdom and courage to do the work which is before you, Tom.

Raise your right hand.

The Oath of Office was administered to Thomas L. Fagan by The Honorable William F. Cercone, Judge of the Common Pleas Court of Pennsylvania.

Judge Cercone:

Before we go on with the remaining part of the ceremony, I would like to introduce to all of you the lovely family of Tom: His wife Wilma; daughter Nora; son, Tom; daughter, Janie; and Tom's son-in-law, John DePayne.

Mr. Counahan:

Thank you, Judge.

Will Mr. DiNardo present the Certificate for Mr. Fagan to sign, please. And Thomas L. Fagan signed his Oath of Office.

Mr. Counahan:

Tom, on behalf of City Council and myself, we welcome you and wish you health, happiness and success in your new venture.

The Chair now recognizes Deputy Mayor David Stahl.

Deputy Mayor David Stahl:

Judge Cercone, President Counahan, Mr. Fagan and Mr. Fagan, members of Council and guests:

On behalf of Mayor Barr who could not be here today, I want to add my best wishes and the Mayor's best wishes and congratulations to the new member of Council from the large South Hills area of the City of Pittsburgh. It is a day mixed with sadness and joy for all of us because we now officially say goodbye to a man whom we have grown to love and respect during his long period of service to the City of Pittsburgh, Pat Fagan.

At the same time, we are pleased the younger Fagan, also a man from labor and a man who, on his own, has made his mark on the Pittsburgh community, is now taking his place.

It occurred to me, there are two events which are happening today which symbolize the very difficult and urgent problems which Pittsburgh, like other urban centers, is facing. I refer first to the report of the President's Commission on Civil Disorder, which highlights the tension in our cities. Secondly, I refer to the strike of some of Pittsburgh's school teachers going on right now.

I am certain Tom Fagan will devote his boundless energy and his attention to the people and friends in the labor movement to help the members of Council to help the Mayor and help the entire Pittsburgh community find lasting solutions to these problems.

Tom, may God be with you as you take your seat in this great legislative body.

Mr. Counahan:

Thank, you, Deputy Mayor Stahl.

I would now like to have a friend of all of the members of Council, a friend of organized labor, a former member of Council and former President of this organization, Mr. Patrick T. Fagan, say a few words.

Mr. Fagan:

President Counahan, Judge William Cercone, Deputy Mayor Stahl, Wilma and family with whom I had lived a great number of years, since the loss of my beloved wife, Ida, in 1956:

Words on an occasion of this kind are hard to find to express your thanks, your gratitude and appreciation. I am glad to see so many of the officers and members of the Teamsters Local Union 249 who have come here to pay honor and tribute to my son, Thomas. I thought that I had bid adieu to the members of Council when I resigned both the presidency and, later, on January 31, 1968, as a member of Council.

I was surprised to learn that my son, Tom, was going to succeed me because I had never talked to any of the members of Council and never suggested who should take my place.

I did have, though, quite a few requests from the people south of the Monongahela River to have someone from one of the wards south of the Monongahela River to succeed me in Council. The Brookline Civic Association was very interested in having someone from the South Hills, either from the 16th, 17th, 18th, 19th, 20th, 29th, 30th, or 32nd wards, which have a very large population. Of course, all the other councilmen are from the Third, Fourth, Fifth, Eighth, Tenth or the 28th so the people from the South Hills were very much interested that they would at least have one representative. At one time, there were three of us—the late Tom Gallagher, Judge Thomas McCarthy and myself. Now, of course, my son, Tom, will fill the unexpired term of the retiring Patrick T. Fagan.

I retired with regrets because of the wonderful friendship I had with all of the members of Council with whom I had served from the Third day of January, 1950; all men of honor, integrity and ability, and of courage. Of course, there was a lady among those eight gentlemen who worked with us and cooperated in a very able and honorable and intelligent manner in the interest of all the citizens of this great City.

This is a great legislative body and has a lot of responsibility and in the past 20 years have created the renaissance that has made the City of Pittsburgh outstanding and known from one end of the Nation to the other. I know that the new County Commissioners who are here this afternoon are going to do the kind of job that was

begun by the late John J. Kane of happy memory, George Rankin, Harry Fowler, and Howard Stewart.

Of course, we were a happy family, interested in the welfare of all of the citizens of Pittsburgh, no matter what their political philosophy or party or ideology was. It was a matter of trying to serve in the best interest of all of the people.

I know Council has important work. After the regular meeting is over, they have a public hearing which was arranged before the Swearing-in of my son, Tom.

I want to congratulate Tommy and extend felicitations and hope and trust in God he will be able to do the kind of a job for the citizens of the City of Pittsburgh that will make this one of the finest cities in the entire United States.

I appreciate everything that Judge Cercone has said about me. I think he really was extraordinary in speaking of my experience, both in labor and in government and as a public official. I certainly appreciate it from the bottom of my heart—everything said and done—and I hope and trust in God that Tom will make a better Councilman than his father was.

Thank you, and God bless you.

Mr. Counahan:

Thank you, Mr. Fagan.

The Chair now recognizes Tom Fagan.

Mr. Thomas Fagan:

Mr. President, Judge Cercone, Acting Mayor Stahl, members of City Council, all of the elected and appointed officials of the City of Pittsburgh and Allegheny County, officers and members of the Joint Council 40 and Local 249 and all the other teamsters unions here, the Allegheny County Labor Union, and all of my friends:

This naturally is a very proud day in my life but I meet it with mixed emotions because of the fact the time has arrived when my father is going into

his retirement. I have fortunately been able to follow in his footsteps all through my entire life. I spent many years in the labor movement because in the early years of my life, I witnessed the dedication of my father in that particular field and was able to see the results of what was accomplished by his work and dedication and that of the fellow officers of the United Mine-workers of America and Federal labor and industrial organizations. Now, I find myself once again fortunate enough to follow him to political life. I accept this position to which I have been elected by the Mayor and City Council to fill this vacancy of my father on the Council of Pittsburgh with a full realization of the responsibilities that are attached to this particular position. In the sophisticated economy in which we live today, with the many problems we have in the urban areas including the City of Pittsburgh, it takes officials with real courage and dedication to overcome them.

I assure everyone here within the sound of my voice and all the citizens of the City of Pittsburgh that I will exact every energy I have toward this particular end. My dedication to the labor movement will be enacted to every citizen in the City of Pittsburgh with every ability I possibly have to make this a greater City.

As a citizen of Pittsburgh, I have always been proud just to be a citizen. As I travel throughout this Nation and hear the many fine things said about the City of Pittsburgh—of the industrial development, of its urban renewal—it makes me very proud so it goes without saying the type of pride I have today in becoming a member of the City Council.

And I say to you, each and every one of you who have taken the time out of your busy lives to come here today to this installation of myself to City Council, I appreciate it very much. It would take too much time or I would like to mention the names of those people who have travelled far and who are busy but came here today to participate in this ceremony but I thank you from the bottom of my heart and I say to you, at this time, I make this solemn and sacred pledge, I will do everything

to live up to the high ideals that have been established by my father.

Thank you.

Mr. Counahan:

Thank you, Mr. Fagan.

The Chair appointed Mr. Louis Di-Nardo, City Clerk, to escort newly-appointed Councilman Thomas L. Fagan to take his seat.

Mr. Mason:

Mr. President, I'd like to take this opportunity and a few moments of Council's time to call to the attention of the members of this honorable body a very serious report from the President's National Advisory Commission on Civil Disorders, the members of which were appointed by the President and headed by the Governor of Illinois, Otto Kerner. Parts of this report appeared in Life Magazine as of last week. I have a full copy of the report, 15 hundred pages long.

This report is one that deserves attention—if not in detail, at least in a superficial sort of fashion—of every member of this Council. There is a sense of urgency in this report. As most of us know, I was down at the University of Texas Law School and this report was being discussed there, and in airports, and on planes.

The thing I want to bring to Council's attention is that a number of disorders have arisen because there has been a lack of communication between governing bodies and protesting groups. Fortunately, we have not had this in the City of Pittsburgh with this City Council but I think we ought to redouble our efforts to make sure we do not have any defection in the rendering of City services by the various City departments. Secondly, in 80 cases that occurred across the country last year, 80 cases were stimulated by some provocative acts of the police. I am hopeful our Human Relations Training Program, funded by

\$52,000 and \$48,000 in matching funds from the Department of Justice for the training of our 500 policemen will go a long way to alleviate any problem in this particular area.

There is a sense of urgency here and I hope all of us will at least take the time to read the Report in Life Magazine, if not the time to read those 15 hundred pages. I did get a sense of disparity of what the Report has said in regards to apartheid society in terms of one white and one Negro. I think our local leadership, white and Negro, has been good and we have got to make sure these lines of communication are kept up and maintained and we, in City Council, do everything in our power to keep these lines of communication open.

Mr. Baskin:

Mr. President, I think all of us in the City were shocked several days ago when we heard about the plane crash which wiped out Dr. Litchfield and his family, including his wife and mother and two children. Although Dr. Litchfield has not been in Pittsburgh for several years now, there is no question that he left a large imprint upon this City. There are many fond memories with those who worked with him during the ten years he was Chancellor of the University of Pittsburgh.

I know there were occasions when members of Council, either collectively or individually, disagreed with some of the programs and ideas that Dr. Litchfield presented during his ten years as Chancellor but I don't think there was any one of us who did not recognize his value to this community. He transformed what was a sleeping giant into a vital and active participant in the

life of this community and during those ten years, he made the University of Pittsburgh a meaningful part of the life of this community.

I do not think I have to list his achievements in terms of the University's growth--in terms of faculty growth, its physical growth, and in the growth of its reputation as an institution of higher learning throughout the country. What I would like to just briefly set forth here is that we had in Litchfield what I always described as a most valuable asset of this community and I think when he left the community, it was a great loss to this City. I think we have seen the fruits of his labor during the ten years he spent with us. Dr. Litchfield was certainly an intellectual man; he was a businessman; he was an educator; he was deeply interested in the progress of this City. He had a great capacity for envisioning programs that meant a great deal both to the University and to the City and he led the people into adopting those kinds of programs which meant growth.

I also want to say, we also feel deeply the loss of his wife. We came to know Mrs. Litchfield well. She was intelligent, modest, tactful, charming and performed her duties as hostess, for many University and City functions, with a graciousness that was really most impressive. I think I speak for all of Council when I say that we feel a sense of deep loss at this tragedy and I move that Council adjourn in memory to Dr. Litchfield, his wife, Mary, and his family, with a moment of silent prayer.

Which motion prevailed.

Council adjourned.

The Chair presented

No. 462. A communication from the members of City Council, to the City Clerk, as follows:

We, the undersigned members of Council, waive the 48-hour notice required for the call of special meetings of Council, and authorize you to call a special meeting of Council on Saturday, April 6, 1968, at 10:00 o'clock, A. M., for the purpose of taking up such business as may come before the meeting.

Which was read, received and filed.

The Chair:

A special meeting of Council was called for the reason of the shocking assassination of Dr. Martin Luther King. A man of deep religious convictions; a man who loved his fellowmen; a man who loved his Country; a man who preached and practiced non-violence in his quest for racial justice; and, a man who was awarded the Nobel Peace Prize.

Dr. King will be laid to rest on Tuesday, April 9th. We were of the opinion, after discussing the death of Dr. King with the Mayor, that we should call a special meeting so that we may, out of respect for his memory, change the time of our scheduled meetings for the week of April 8, 1968. The funeral arrangements for Dr. King were originally scheduled for Monday, April 8. Since then, it was changed to Tuesday, April 9. Therefore, we may proceed with our regular meeting.

What is the pleasure of Council?

Mr. Mason:

Mr. Chairman, I move we hold our regular meeting on Monday and postpone our scheduled hearing for Tuesday to a week from that Tuesday in order to give time for notification to the per-

sons who would be in attendance at that scheduled hearing.

Mr. Kuhn:

Mr. President, I would be willing to Second the motion but I wonder whether Mr. Mason would agree to amend it to include the continuance or postponement of our Regular Committee Meeting from Tuesday to Wednesday morning at 10 o'clock, A. M., and the hearing that was scheduled to follow that Committee meeting to be moved to the following Tuesday.

Mr. Mason:

I agree.

Which motion, as amended, prevailed.

The Chair:

If there are no objections, I would appoint a committee to prepare a proper resolution to be presented to Council on Monday if you can get it prepared in that time. The Committee will work with Mr. David Stahl, our City Solicitor, and the Committee will be Mr. Mason, Mr. Kuhn, Mr. Leslie, and Mr. Flaherty.

Mrs. D'Ascenzo, as you know, could not be here as she is on assignment by Council to a meeting in Washington, D. C.

Mr. Kamyk:

Mr. President, at this time, I would like to move that we officially proclaim Tuesday as an official day of mourning

for Dr. Martin Luther King who is a symbol of social justice.

Which motion prevailed.

Mr. Baskin:

Mr. President, I know that on Monday, we will have the proper resolution prepared in memory of Dr. King. I don't think it would be fair at this time to say what ought to be said about this great man, but I would like to say one thing. I think it is almost a desecration to the memory of this man and what he stood for if we were, any of us in this City or anywhere in the Country, to engage in any kind of violence. I think the greatest mark of respect we can pay to Dr. Martin Luther King and to his memory is to respect what he stood for and that is a continued non-violent pressure and movement to social justice. I would hope all the citizens of Pittsburgh would bear that in mind and thus give to his memory and to what he stood for, the greatest tribute we could give him and that is to carry out what he said we should do.

Mr. Leslie moved

That Mrs. D'Ascenzo be excused for absence from this meeting.

Which motion prevailed.

Mr. Mason moved

That Council adjourn out of respect to Dr. Martin Luther King and with a rising vote and a moment of silent prayer.

Council adjourned.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

The Chair recognizes Mr. Mason who is going to present a memorial resolution.

Bill No. 463. The Mayor and the members of Council of the City of Pittsburgh join the peoples of the world in

mourning the tragic, senseless death of Dr. Martin Luther King, Jr., on Thursday, April 4, 1968.

Dr. Martin Luther King, Jr. was born in Atlanta, Georgia, on January 15, 1929, was educated in the Atlanta public schools, Morehouse College in Atlanta, Crozier Theological Seminary in Chester, Pennsylvania, and then pursued additional studies at the University of Pennsylvania, Harvard and Boston Universities.

Dr. King earned both a Doctor of Philosophy and a Doctor of Divinity degree from Boston University and began his study of the philosophy of non-violence as found in the works of Ghandhi and Thoreau, which has profoundly affected the course of American history.

As a pastor in the Dexter Avenue Baptist Church in Montgomery, Alabama, Dr. King began the work which made him the foremost civil rights leader in the United States and a man of peace throughout the world.

Dr. King dramatized the plight of the southern Negro and led the famous Montgomery bus boycott in 1956.

Flanked by black and whites alike, he marched like a modern Joshua against the barricade of racial discrimination and inequality from St. Augustine, Florida, to the last tragic march in Memphis, Tennessee.

In the 1963 Washington, D. C. march he ennobled and integrated the peaceful march of all Americans for freedom.

For this achievement and for his ceaseless non-violent efforts to achieve equality for his race, he was awarded

the Nobel peace prize in 1964. He accepted the prize on behalf of "all men who love peace and brotherhood."

Dr. King's own words convey the meaning of the legacy which he has given to us when he stated:

"This award . . . is a profound recognition that non-violence is the answer to the crucial, political and moral questions of our time—the need for man to overcome oppression and violence without resorting to violence and oppression."

Dr. Martin Luther King was a link between the black and white communities, a man who welded together all men of good will to oppose violence, oppression and injustice.

There are not many men of whom it can be said that their lives changed the world, as can be truly said of Dr. King.

Now, Therefore, Be It Resolved that the Mayor and the members of City Council hereby express their deepest sympathy and condolences, not only to the family and associates of Dr. Martin Luther King, Jr., but also to all Americans, who suffer an irreparable loss by his death; and

Be It Further Resolved, That all the citizens of this City and of this nation must now rededicate themselves to the principles which Dr. King espoused and to the realization of the promise of equality which is the noble dream of America.

Which was read and adopted.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 496, An Ordinance entitled, "An Ordinance declaring the existence of a State of Limited Emergency in the City of Pittsburgh; prescribing regulations for the duration of the emergency; limiting the time for which those regulations will remain in effect; and providing penalties for violation of the regulations."

Which was read.

Mr. Kuhn:

Mr. President, the adoption of this Ordinance today will ratify the action which the Mayor and Executive Departments of the City have taken in the difficult hours that have transpired in the last weekend pursuant to the Governor's declaration and the Mayor's proclamation of the existence of an emergency, in carrying out emergency actions. The Executive Departments of the City have been greatly assisted by numerous citizen organizations and private citizens and corporations that have made available the necessities for the carrying out of safety measures in the City. The Bureaus of Police and Fire have distinguished themselves in keeping the

peace and in doing so consistently with respect for and protection of life and property to a tremendously high degree in view of tremendous emergency situations and the terrible problems they have had in these hours. Organizations like the Salvation Army, community organizations and leaders in many areas of the City, particularly, however, in Homewood-Brushton and the North Side, have greatly aided in the preservation of law and order. In order that we may ratify the action of the Mayor and the Executive Departments in dealing with this emergency, I would ask that we act on this ordinance today and, in so doing, I would first move we suspend Rule 8.

Mr. Kuhn moved

That Rule 8 be suspended, providing for the mailing of printed copies of all ordinances and resolutions to each member of Council, after the return of such papers from committee, at least forty-eight (48) hours previous to their final consideration by Council.

Which motion prevailed.

Mr. Kuhn moved

A suspension of the rule so as to allow the second and third readings and final action on the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

Mr. Baskin:

Mr. President, I am wondering what are the penalties in this bill? What is the extent of the fines included in this bill?

Mr. Kuhn:

The penalties as presented in this bill will include a maximum fine of \$300.00.

Mr. Baskin:

So that the present law which limits

fines to \$10.00 will be superceded by this one?

Mr. Kuhn:

For the duration of this emergency and within the scope that this bill will have effect, yes.

The Chair:

I believe, if you will read it, Mr. DiNardo, we will all have a better understanding of it.

And the Bill was read.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

Mr. Flaherty:

Mr. President, in connection with this ordinance, I think it should be pointed out to all of our citizens that it is only relatively small bands of hoodlums, perhaps less than one per cent of our population, that have engaged in acts of looting and other actions of violence in the City. So that there may be no over-emphasis or misunderstanding, I think we should point out and commend the great majority of our black people, particularly in the Hill District, who have acted and are continuing to act as responsible citizens in this troubled time. I would emphasize the positive side—that the great majority of our people have acted in the spirit of Martin Luther King and I think we all share in the mourning of this great man and the principles for which he died.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

| | |
|----------------|---------------|
| Mr. Baskin | Mr. Kuhn |
| Mrs. D'Ascenzo | Mr. Lealle |
| Mr. Fagan | Mr. Mason |
| Mr. Flaherty | Mr. Cottrahan |
| Mr. Kamyk | (Pres't) |

Ayes 9. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Mr. Leslie moved

That the Minutes of Council of Monday, April 1, 1968, be approved.

Which motion prevailed.

Mr. Flaherty moved

That Council now recess out of respect to the memory of Dr. Martin Luther King, Jr.

Which motion prevailed by a rising vote and a moment of silent prayer.

And thereupon Council recessed subject to the call of The Chair.

Pittsburgh, Pa.

Monday, April 15, 1968.

And the hour of 1:45 o'clock, P.M. having arrived and the time of recess having expired, Council reconvened and there were present:

| | |
|----------------|--------------|
| Mr. Baskin | Mr. Kuhn |
| Mrs. D'Ascenzo | Mr. Leslie |
| Mr. Fagan | Mr. Mason |
| Mr. Flaherty | Mr. Counahan |
| Mr. Kamyk | (Pres't). |

The Chair:

Members of Council, it became necessary to call a special meeting in order to adopt an ordinance declaring a state of limited emergency during the recent incidents of disorders, fire bombings, acts and threats of violence within the City. After the ordinance was adopted, Council decided to recess in case of a necessity for other emergency meetings during the disturbance. I am pleased to report that it was not necessary to call any further special legislative meetings during the period of emergency.

The Chair now recognizes Councilman Kuhn, Chairman of the Committee on Public Safety.

Mr. Kuhn:

Mr. President, before we adjourn the

recessed meeting of Council, I think it well we observe the commendable work that was done for the City of Pittsburgh by its employees and by its administrative heads; not just the heads of such departments as the Department of Public Safety and the Department of Public Works but by the bureau heads of the police and fire and all the bureaus in all of the departments in the City. During the emergency of last week and the preceding Saturday and Sunday, all of the forces of the City of Pittsburgh were called upon for extraordinary service and they gave it without question. That was true of the supervisory employees and the rank-and-file employees in the Department of Public Safety which, of course, had the brunt of the peace-keeping functions. The police and firemen distinguished themselves; the Director of the Department and the heads of those bureaus distinguished themselves. We came through substantial disorders with no loss of life and with remarkably few injuries and while there was property damage, it was substantially less than in other cities with similar disturbances. Our employees in the Works Department and the Water Department and all departments rendered extraordinary services and I think they deserve the thanks of this Council and all of the citizens of the City of Pittsburgh.

Similarly, many private agencies and private individuals contributed substantially to persons who were made homeless or without adequate provisions for food and other necessities during the emergency. I wouldn't attempt to name them all but we do know that the Salvation Army and the Urban League and volunteer agencies of all sorts worked heroically and without stint all through the emergency of last week. I think the entire community, in the efforts of its citizens, and all the organizations that made possible the early termination of the disturbances, deserve to be commended and deserve the thanks of this Council.

Therefore, when we adjourn this recessed meeting, I think we should do so with thanks to our own City personnel and all of the private citizens who helped and with that thought, I move we adjourn this recessed meeting of Council.

Mr. Baskin:

I concur in everything Councilman Kuhn said. However, I want to make it clear, in view of some of the stories we have seen the past few days concerning the policemen and Director Craig, I heartily support the Mayor's statement on Director Craig. I might also say, no one is more appreciative of the fine work the police and firemen performed Kuhn stated, and I think the entire during this disturbance, as Councilman community, as Councilman Kuhn also stated, indeed owes them a debt of gratitude for performances beyond the normal call of duty. I think, frankly, it would be to tarnish the tremendous record on their part to attempt to place any blame on Director Craig, the man in which the stories would purport they attempted to do.

Director Craig is greatly responsible for the fact that we came through this unscathed so far as loss of life is concerned. As a result of his work, along with the Bureau of Police and police heads, we are not faced with a situation

of innocent people having been killed and we are not faced with a situation where any officers' wives are widows today who may have been widows today save for the excellent restraint shown by the entire police force and for which Director Craig must be given a great deal of credit. I simply wanted to add that to the remarks of Councilman Kuhn.

Mr. Mason moved

That the Minutes of Council of Saturday, April 6, 1968, be approved.

Which motion prevailed.

Mr. Kuhn moved

That the recessed meeting of Council be adjourned with thanks to all of the people who had to do with helping to quell the disturbances of our last week.

Which motion prevailed.

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Mason moved

That the Minutes of Council of Monday, April 22, 1968, be approved as printed.

Which motion prevailed.

Mr. Flaherty:

Mr. President, as all of us know, we were all saddened this weekend at the death of Mrs. David L. Lawrence, wife and widow of our former Governor and Mayor of this City for many years. Alyce Golden Lawrence died Sunday, April 28, 1968, at the age of 72, here in the City of her birth and of her life. As First Lady of our State and of our City, she cast an air of natural dignity and grace.

She was also active in numerous religious and civic organizations in our community. Perhaps more importantly, she was known to all of us as a woman of warmth, graciousness and dedication both to her husband and her children. As a mother, she bore five children, two of whom have preceded her by their tragic death many years ago. We extend our deepest sympathy to her survivors, her son, Gerald Lawrence and to her two surviving daughters, Mary and Anna Mae. At this time, I move we adjourn today in her memory with a standing moment of prayer.

Mr. Kamyk:

Mr. President, if I may at this time, I would like to also bring to Council's attention that we have lost a very loyal employee of the Water Department, Michael R. Tutro. The reason I think his name should be brought to our attention is because he was not only a

loyal employee to the City of Pittsburgh but he was very active in this community, in the Catholic Diocese of Pittsburgh and among the youth programs. He was active with the Holy Family Church; he was past president of the Holy Name Society; he was a member of the parish committee; he was an elected member of the Diocesan Pastoral Council; he was a member of the Knights of Columbus, the Catholic Order of Foresters, and numerous other organizations. In addition, he was very active politically and was Chairman of the 7th District, 9th Ward. I think he also deserves some special consideration today with a standing moment of prayer.

Mr. Flaherty moved

That Council adjourn with a moment of prayer in memory of Alyce Golden Lawrence and Michael R. Tutro.

Which motion prevailed.

The Chair:

The latest violence to shock the nation and mankind, since the assassination of Dr. Martin Luther King on April 4, 1968, occurred last Wednesday with the assassination of Senator Robert F. Kennedy.

Councilman Peter F. Flaherty will, on behalf of the Mayor and City Council, present a resolution of condolence.

Mr. Flaherty presented

Bill No. 837. Resolution upon the assassination of Senator Robert Francis Kennedy.

In this somber time, the hearts of responsible Americans are heavy with sorrow and shame at the tragic death of Senator Robert Francis Kennedy.

We must carry not only the burden of sadness because he is gone, but also the repulsion we hold at the thread of violence which seems to have pervaded our democratic nation.

Death came to Robert Kennedy as he pursued the very principles which are supposed to represent the foundation of government in the United States. His fight was for the dignity and equality of all men. His dream was for peace, in this nation and abroad.

As Attorney General, as Senator, and as a presidential candidate he brought

to the public the image of a passionate idealist, endowed with a special gift that enabled him to sympathize with the disadvantaged and downtrodden peoples of the land.

He left behind him unfinished work and unfulfilled dreams. So we must mourn, therefore, not only for the leader we have lost, but for the leader he might have been had he carried on his work.

We grieve also for his family—for his wife, for his children, and for his parents whose burden of sorrow seems almost too great for any family to endure.

It is left to us—to all Americans—to honor Robert Kennedy not only in words of praise and in carved stone, but also in our devotion to those concerns for which he was so zealously dedicated.

Now, therefore, the members of Council and the Mayor on behalf of all the people of the City of Pittsburgh mourn the loss of this great American.

Mr. Flaherty moved

The adoption of the resolution.

Which motion prevailed.

Mr. Mason moved

That the minutes of Council of June 5, 1968, be approved.

Which motion prevailed.

And on motion of Mr. Mason,

And the bill was read a second time, and agreed to.

Mr. Fagan:

Mr. Chairman, I rise in opposition at this time to Bill 641 and I do it primarily because of the shortage of park land and playgrounds available to the citizens and children of the City of Pittsburgh. I feel this dictates the necessity of having open park land and all efforts should be made by the City in furthering the recreational facilities, athletic fields, swimming pools and other conveniences which can be participated in by all of our citizens. I feel museums and art galleries have a very limited value to a very small percentage of the citizens of our City and I feel we are being inconsistent by passing a bill here to permit park lands of our City to be filled with art galleries and museums that this bill will provide. I can appreciate the City has provided more park land this year than ever in the past but I say in my opinion, this would only tend to stop the progress of additional park land for recreational activities that take our children off the streets of the City where much of the violence is being caused by lack of proper facilities.

Mr. Flaherty:

As I stated at Committee meeting, I am also opposed to Bill 641 which we are voting on today, mainly because this is an ordinance of general applicability which will affect the uses to which all park land in the City of Pittsburgh may be put.

I recognize there are certain values in civic or cultural buildings which may

be public but I feel here, by opening the door for the Frick Art Gallery, we have gone much further than we have to and have made a general amendment to the ordinance that will affect all park land. As Mr. Fagan says, and I agree, I look upon our parks as primarily for the use of recreational facilities and open space. Civic and cultural buildings have a place in our community but I feel they should not be placed on public park lands. So for that reason, I vote No on Bill 641.

Mr. Kuhn:

Mr. President, although ordinarily I would make my comment on second reading, in view of Mr. Fagan's and Mr. Flaherty's expressions, I would only want to say I am voting for this bill because I believe that the same possibility of uses should exist for all of our park lands as exist for Schenley Park. I voted against the permission for the University of Pittsburgh to build the Frick Fine Arts Building in a portion of Schenley Park for a particular reason, knowing that park land was susceptible to being used and had been used with City permission for Carnegie Institute and Phipps Conservatory. These are buildings, I believe, to benefit the public generally. I might respectfully differ with Mr. Fagan on the value of cultural activities, art galleries and museums. The figures of the art gallery attendance at the museum and at the library bear out their importance to the public. In making this exception to public buildings, I would think Bill 641, we are simply extending the provisions which prevail with respect to Schenley Park, and presently are contemplating the park land might be used for these public purposes. In doing so, I don't think I am inconsistent with my vote of "No" on the Fine Arts Building in Schenley Park because I regarded it as a private use which would not be open to the general public for all purposes. But I would not want to foreclose the possibility that it might be appropriate to build art galleries and museums in parks elsewhere in the City. I am voting "Aye" on all bills in the Committee's report.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Noes: 2, Mr. Flaherty, Mr. Fagan.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

An Ordinance entitled, "An Ordinance amending the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, Zoning District Map Sheet Z-0-E32 by changing from "R1-A" District to "S" District all that property bounded by: Reynolds Street, South Homewood Avenue; the southerly line of Lot 70, Block No. 126M in the Allegheny County Block and Lot System; the extension of said line in an easterly direction; the westerly line of the Parkside Plan of Lots, as recorded in the Recorder's Office of Allegheny County in Plan Book Volume 44, Page 173; 14th Ward."

Which was read.

Mr. Flaherty yields to Mr. Kuhn.

Mr. Kuhn:

I would like to move that Bill 644 be recommitted so that we may have some information affecting the art museum which is being proposed to be built at South Reynolds and Homewood Avenues. I believe Mr. Cooley, representing Miss Frick, said he could provide this information at such time as the conditional use came before us. Since the rezoning is so closely related to and involves this particular piece of property, I would like to have an opportunity to have this information at our Committee meeting on Wednesday and I will communicate with Miss Frick's representatives and ask they come to

this Wednesday's meeting, if my colleagues agree this be recommitted.

In the absence of a formal resolution, and with the idea in mind that a formal one will be drawn up later, I thought perhaps since this is the last week of service for our John Lonergan, we should just mention a few words for the formal record.

John, as is well known, has been in service here for several years as our very fine Sergeant-at-Arms. He has served the City of Pittsburgh for some

38 years and this week, regrettably, marks his retirement on reaching his 65th birthday. He has been a resident of Carrick throughout most of his City service and during most of his career where he lives with a married daughter. I think we all recognize that John has been more than a Sergeant-at-Arms but a very helpful aid to all of us, practically a member of the staff here at Council. I think, in closing here today, we should adjourn with a rising vote of thanks for his many years of service to the City of Pittsburgh.

Mr. Leslie moved

That the Minutes of Wednesday, June 28, 1968, be approved.

Which motion prevailed.

Mr. Mason moved

That Council recess until Wednesday, July 3, 1968, at 11:00 A.M. (D.S.T.).

Which motion prevailed.

And Council recessed.

Pittsburgh, Pa.

Wednesday, July 3, 1968.

The Chair:

And the hour of 11:00 o'clock, A.M. (D.S.T.) having arrived, and the time of recess having expired, Council reconvened and there were present:

| Mr. Baskin | Mr. Kuhn |
| Mrs. D'Ascenzo | Mr. Leslie |
| Mr. Fagan | Mr. Mason |
| Mr. Flaherty | Mr. Counahan |
| Mr. Kamyk | (Pres't) |

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The Chair:

Members of Council, may I introduce Mayor Joseph M. Barr, who will speak on the emergency legislation which will be before us.

Mayor Barr:

An urgent sense of concern for the welfare of this City compels me to come before the members of City Council today.

Admittedly, my presence here this morning is afieid from the ordinary conduct of municipal housekeeping. It has been made necessary, however, by extraordinary events—regrettable events—that have taken place recently in our community.

Last April, Pittsburgh experienced a week of severe civil disorder. More recent days have been marked by fire-bombings and related acts of violence.

Let me make it clear to the members of City Council—and to every Pittsburgh citizen—that the criminal acts carried out in the last few days cannot and will not be tolerated by this administration.

I am not going to stand by and watch this City transformed into a camp of fear.

As long as I am Mayor, no peaceful citizen—black or white—is going to walk our streets in jeopardy or live with the threat of having his property and his livelihood destroyed by some hoodlum or group of hoodlums.

As long as I am Mayor, this administration will not be intimidated and will not be threatened by anyone, regardless of the cause they pretend to espouse.

And, as long as I am Mayor, firebombers and the like will be dealt with for what they are—criminals.

To insure the safety of our citizens, I have directed the Superintendent of Police to use every power, every method, every resource at his command to bring these criminals to justice. He has my full support in whatever action he may pursue.

This should not be misconstrued as to

imply that I will condone the misuse of police power. This, also, will not be tolerated. I would remind all citizens that complaints regarding the individual conduct of policemen should be pursued through established channels such as the office of the Safety Director and the Human Relations Commission.

In addition, I have carefully digested the recommendations submitted last week by the Task Force. These recommendations, including those calling for an increase of police strength, have my full and complete backing. Indeed, this is the very matter that brings me before you today.

I am asking the members of Council to adopt emergency appropriations which will have the effect of giving the City of Pittsburgh an increase of better than 10 per cent in its police force.

Specifically, I want the funds to place 190 additional men in police uniforms as soon as possible. This will increase the strength of our uniformed force from 1,670 to 1,760 men.

As recommended by Public Safety Director Craig, 91 men will be deployed into two police task forces. These task forces will serve routine beat duty, but will be highly mobile and capable of being dispatched quickly to any scene of civil disorder.

The remaining men will be assigned to bolster the narcotics and intelligence divisions of the inspections branch, the homicide, robbery, burglary and detective youth divisions of the detective branch, and the community relations division of the operations branch.

The additional power will require us to add 15 sergeant positions and seven lieutenant positions to the Bureau of Police.

Computed on an annual basis, the costs for the additional police amounts to \$1,271,835.

Normally, this is the kind of recommendation which citizens could expect in the Mayor's annual budget message. However, I believe that the gravity of currently conditions dictates that we move immediately to take these protective measures.

Council's approval—as soon as possible—will enable us to incorporate the additional manpower into the Police Bureau within the next two-to-three months.

Members of Council, I cannot urge your approval of these appropriations too strongly. No day passes in these times that I do not hear from citizens who express grave concern over their own safety and the general safety of our city.

These citizens must be assured that acts of violence have no place in Pittsburgh, just as they have no place in the arena of legitimate civil rights protests. They further one cause and one cause only—the cause of hatred.

We recognize that a very great many of our citizens share justifiable social grievances with roots that can be traced back years and even centuries.

We recognize, too, that a very great many of our citizens have not shared in the full economic benefits of this wealthy nation. Here, in the City of Pittsburgh, we are moving to redress these wrongs. This brings me to a second reason for my appearance before Council today.

I am asking you to move with equal dispatch to give your authorization to the transfer of nearly \$1 million in State redevelopment funds to help make possible immediate physical improvements in the Hill District.

This action, too, is in accord with the recommendations of the Task Force. Forthcoming actions will involve expenditure of City funds.

One of the prime suggestions of the Task Force was that certain city-wide program priorities, particularly those involving Federal and State funding allocations, be shifted from areas of lesser need to ghetto neighborhoods such as the Hill District, Homewood-Brushton and Manchester.

Your approval of this legislation will enable the City of Pittsburgh, through the services of the Urban Redevelopment Authority, to undertake in the Hill District such action as the acquisition of 70 properties for rehabilitation of existing residential structures, assembly of land for low-rent public and privately-

owned moderate-cost housing, acquisition of sites for shopping centers, and demolition of dilapidated structures.

Such actions can be carried out without hardship or inconvenience to persons now living in the Hill District, with only a minimum amount of relocation, and with a guarantee to those relocated that they will have a home to which they can move.

This, then, is the substance of my message to the members of Council.

In summary, I am again asking for additional evidence of the support you have unfailingly given me in the past. In the weeks and months ahead, I shall come before you again to ask for your continued support in the form of approval of other measures aimed at easing the plight of our less-fortunate citizens.

In closing, I make a final request—that you give to these measures top priority over all matters now pending before your honorable body.

Mr. Kuhn:

Mr. President, I would like to say something that may be repetitious of what was said at Committee Meeting but I think it is important from the point of view of legislative history that it appear in our records of this Legislative Meeting of Council as we pass what are extraordinary bills. I think we have all given serious attention to the report of the Mayor's Task Force on which our President and Mr. Leslie have served. Speaking for myself, I would like to say that I would have serious doubts about the passage of these bills alone if it were not for the fact the affirmative program that the Task Force recommends being continued and carried forward in this City be given immediate and priority attention, going to the root causes of civil disorder.

I think Council and City government can all take substantial pride in that it has been two years since we began legislative hearings here on conditions and slum housing in certain areas. The criticism that the Mayor's report, as it was being submitted as affirmative action is old stuff, I think another look makes it clear that the City government and Council has been working for change for the better in the conditions of our poverty areas for a long time. We have been responsive to the needs and pressures of people with respect to rehabilitation of housing, creation of the Housing Court, revision of the State law which had many inadequacies about rent withholding, and in many other areas including the Open Housing ordinance which we here adopted. So, if we are faulted for now carrying forward actions that have been planned and in progress over a period of time, I think we can take pride in it as well.

I think this does not detract from the urgency of accelerated action in order that root causes of civil disaffection be met. I think it important, too, in recognizing the needs of our citizens of all sections of the City, that law and order be preserved and that our police force, in carrying forward effective police work, pay attention to the Mayor's very wise caution that police work requires good

quality as well as quantity and that by increasing the numbers of our police, we are not omitting the importance that our police work be professional and responsive to the best standards of uniformed services. This means we continue in the professional training of our police and that we continue in our support of them in their very difficult work, but that we not tolerate abuses of our police power and that we see to it that the guardians of the people's safety, on whom civil peace depends, be themselves worthy of the respect we ask for them.

I think much of what was said in Committee, what Mr. Leslie had to say about the continuation of services and Mr. Baskin's point as to economics, should be a part of our Legislative Meeting records as well as our Committee records and it is for this reason I have made this comment.

And the bills were read a third time and agreed to.

And the title of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

| | |
|----------------|---------------|
| Mr. Baskin | Mr. Kuhn |
| Mrs. D'Ascenzo | Mr. Leslie |
| Mr. Fagan | Mr. Mason |
| Mr. Flaherty | Mr. Coughahan |
| Mr. Kamyk | (Pres't) |

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Kuhn moved

part of the record of this Legislative session.

RECESSED COMMITTEE MEETING OF COUNCIL

FRIDAY, JULY 5, 1968

RE: C. B. Nos. 981, 982, and 983

The Chair—Mr. Baskin Chairman of the Committee on Finance.

I think it should be pointed out that the emergency costs for this fiscal year, as Council knows, is going to cut heavily into our surplus at the end of the year which will mean we will have less to carry forward for the next year's budget. Next year, the full cost of the police increase will be on a full year basis. If you add that to the funds that were allocated this year and consider other emergencies that may arise, I think we have a serious budget problem facing us. There is one thing I would like to say in connection with the Mayor's statement—I would like to point out that it is most important that we have law and order on both sides—black and white citizens alike. I think it is time to bring the whole community to the realization that both sides must face their own responsibilities—We cannot have two standards—one for the blacks, and one for the whites. The blacks feel that they have had the lower standard. This has been recognized. I think there is a general community acceptance of the fact that we have a lot of work to do to insure opportunities to all of our citizens. On the other hand, I don't think you can redress wrongs in the past by having two standards; one for the blacks, one for the whites. I think the Mayor in his speech the other day was point out the fact that we should have the same laws for everyone. While everyone recognizes that a great deal has to be done, both by the whites as well as the blacks, we must recognize that in the long run unless everyone respects law and order—both blacks and whites, we will not be able to come to a solution to these problems. I know last week when I was in the Mayor's office, a group of citizens came in complaining of their problems. They were heard, and I am sure action will be taken. On the other hand, our policemen have suffered because of these protests and

I think it would be incumbent on these people to complain as well on behalf of the police. So, I think in essence, what the Mayor was trying to tell the community and also Council believes that it is time the entire community and all the groups within the community recognizes that unless we are committed to the same system for all the people, that we will make very little progress to make a better community for all. Therefore, I am happy to support all the Mayor has said in this respect and the action he has asked Council to take this day—and what Council will pass on at 10:30 this morning.

Mr. Kuhn:

Mr. Chairman, I appreciate how you interpreted the Mayor's statement; however, I would somewhat differ on the obligations as to the support of our emergency forces. The police have had a great stress but that doesn't mean our policemen aren't of the highest quality. The citizens can't be told that they have to support bad policemen. We are already committed to the responsibility for the City to have quality, as well as quantity. I am very glad that the overwhelming quality of our police force is good. I think it is the obligation of the City government to police its people. We can't ask private citizens to support our police indiscriminately. I am very glad that the Mayor's statement stressed the importance of the quality of our police work and I think for the most part, our police work has maintained this high quality.

The Chair—Mr. Baskin:

Perhaps you have expressed yourself, Mr. Kuhn, better than I. However, I don't think we differ at all.—No one wants to excuse poor police work. However, people should appreciate the responsibilities on both sides. I also think that the problems that we are faced with (as pointed out by the Task Force) that it is a shame that we have to divert so much time and money for the enforcement of law and order (where this time and money could and should be used for better projects throughout the City). The entire community should recognize their responsibilities. It is a shame, but we will just have to spend

this money until there is law and order as pointed out by the Mayor. We will have to stop depleting our needed funds—these funds are needed for programs throughout the City.

Mr. Mason:

Mr. Chairman, as Executive Director on the Mayor's Commission on Human Relations in the past, I want to say that I think the money spent for Civil Service examinations for our police is well-spent money. There is a big difference between the men who have taken Civil Service examinations and those who have not taken these examinations. I think these examinations for our policemen are extremely important. I also think we are going to face a problem of recruitment to help us get the kind of police we so urgently need for the City of Pittsburgh.

Mrs. D'Ascenzo:

Mr. Chairman, I would like to address myself for the delay for the programs we have planned in the City of Pittsburgh, i.e., Homewood-Brushton and the Manchester areas complex. We have to admit that the Manchester complex is something we have been talking about for the past five years and we still don't have the program worked out. It does add to the disappointment and despair of the residents in these areas. At this time, I think it is imperative to point out that these things are going to be accomplished. Frankly, I hope we will have the time and money to do the things we want to do. We want to make it a better City. I only hope and pray that the citizens will give us that time.

Mr. Flaherty:

Basically, I think we are all committed to see that these changes are made—that is our true goal in serving on City Council. These bills that will be passed here today are to insure a better City. I think we are really trying to carry out our goals. Some people want these changes and don't see the orderly changes taking place.

Mr. Mason:

I don't think we are advertising enough

for instance those seven sites on the Hill aren't being advertised enough. I think we should put up a big sign or billboard saying, "HERE IS YOUR TAX DOLLARS" so that people can see that these changes are taking place. This way, people will be assured that our commitments are going to be a reality. What I am saying is that we want people to know these sites are being developed for housing units.

The Chair:

Once they're up, they will know. At this time, I do want to commend the Task Force and also Mr. Counahan and Mr. Leslie who have served on this Task Force. Their job is a very tedious one because of the many complaints by the various groups of citizens and also because these have so many different ideas of what has to be done. I think the Task Force has done a very good job in such a short time; and, as they said themselves, they haven't solved all the many problems but what has been solved is very commendable. I just want to say, myself, I appreciate on behalf of the City what they have accomplished.

Mr. Leslie:

I would like to repeat what I said last week concerning what we are doing here today to improve our Police Department so that law and order can be maintained.

This will in no way affect the day-to-day regular services rendered to the residents of Pittsburgh. I think it is our obligation to improve these services, such as rubbish collection, street improvements, and so forth.

As Chairman of Public Works and a member of the Mayor's Task Force, I thought the report should have noted that any recommendations suggested would in no way affect the day-to-day services I have just mentioned.

Mr. Flaherty:

Mr. Chairman, what about this surplus money

The Chair:

There is no surplus into the budget

each year. Last year I think we showed from \$10,000 to \$15,000 and during the year we had 6600 jobs in our budget, of course, not all these jobs were filled so that the money allocated for these jobs became surplus funds. So that out of our budget the appropriated \$85,000,000 (Eighty-Five Million Dollars) you are going to have \$3,000,000 to \$4,000,000 in unexpended funds and that is what we call our surplus.

Mr. Flaherty:

Isn't this a cushion?

The Chair:

If we didn't have this cushion, we would then have to increase our taxes. If we delete this surplus, we will have no extra money.

Mrs. D'Ascenzo:

Mr. Chairman, I would like to see some action on Mr. Mason's proposal. I think, Lou, if it you will agree, we should get together on this and see that some action is taken.

Mr. Mason:

I think a sign should be put in the Hill District saying that so many housing projects will be built. There used to be signs of this type put up and it made a big imprint on the people. So, I say, let's advertise. Let's do a PR (?) job for the City of Pittsburgh.

Mr. Mason moved

That when Council adjourns today, it adjourns to meet on Monday, August 5, 1968 at 1:00 o'clock P.M. (E.S.T.), and that the Standing Committees of Council, commencing with the Committee on Finance, meet on Wednesday, August 7, 1968 at 9:00 o'clock, A.M. (E.S.T.).

Mr. Baskin:

I would like to point out, as other members of Council have pointed out so often, that it is tacit with that motion, we are subject to call anytime during

that period pending a call from our president and that last year, we were recalled several times and will be available for recall this summer as we have in the past.

Mr. Counahan:

Insofar as Council is concerned, the authority for setting the summer schedule is vested in the President of City Council as set forth in the new Rules and Order of Business of Council. I have set up this particular schedule and if

there are any emergency meetings necessary, rest assured we will contact you. In the event any of you leave town on business or vacation, you are to leave word with our City Clerk as to where we can contact you not only for emergency meetings but it may also be necessary to get your advice on emergency subjects that may come before us. If you will do that, we will appreciate it.

And upon motion of Mr. Mason,
Council adjourned.

No. 1169. Amendment to Rule VIII of the Rules of Council, which will eliminate the present requirement that bills be read on three separate days before they may be acted finally.

Mr. Kuhn:

Mr. President, this amendment of Rule 8 has been reviewed by the Solicitor's office and drafted there after a careful study of the applicable ordinances and statutes which control our procedures. The Law Department has advised us that this amendment to the rules cannot be acted upon in less than one week's time so it will come before us for final action when we meet next. Thereafter, when it has been finally acted upon by us, our procedures can be changed so as to eliminate the three readings of the titles of the bills which we have been following for some years. This should appear at our next meeting, second from this one.

Mr. Counahan:

Thank you, Mr. Kuhn.

MOTIONS AND RESOLUTIONS

Mr. Baskin presented

Bill No. 1170. Whereas, under authority of Section 116 of the Housing Act of 1949, as amended, the United States of America, acting by and through the Secretary of the Department of Housing and Urban Development, has agreed

to make a Federal grant to the City of Pittsburgh to assist in a program of demolition of structures which are unsound and unfit for human habitation, which program is described in Application for Demolition Grant No. Pa. M-5; and

Whereas, as a condition precedent to the payment of a grant under Section 116, it is necessary that the City of Pittsburgh exhaust all other available legal procedures to secure remedial action by the owners of the structures before governmental action is needed to demolish them; and

Whereas, certain demolition work has been carried out under the program and the City of Pittsburgh is desirous of receiving a grant payment to cover the costs of such demolition:

Now, therefore, be it resolved by the City Council of the City of Pittsburgh:

1. That the demolition of the structures set forth on the schedule supporting the requisition for payment of the Federal Grant was in accord with the requirements of State and local law and in the public interest.

2. That all other available legal procedures to secure remedial action by the owners of such structures were exhausted before governmental action to demolish them was taken.

Mr. Baskin moved

The adoption of the resolution.

Which motion prevailed.

Mr. Flaherty presented

Bill No. 1171. Authorizing the Urban Redevelopment Authority of Pittsburgh to purchase in accordance with the terms and conditions of the Residential Land Reserve Fund Cooperation Agreement all the right, title and interest in certain real property now owned by the Port Authority of Allegheny County located in the 13th Ward of the City of Pittsburgh, County of Allegheny, Pa.

Whereas, by Ordinance No. 393, of 1967, the Council of the City of Pittsburgh authorized the Mayor and the

Director of the Department of Lands and Buildings to enter into a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh providing for the establishment of a Residential Land Reserve Fund and specifying the purposes, amount, and source of said Fund; and

Whereas, in accordance with the terms and provisions of said Ordinance No. 393, of 1967, the Mayor and the Director of the Department of Lands and Buildings of the City of Pittsburgh entered into a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh dated October 20, 1967; and

Whereas, in accordance with the terms and provisions of said Residential Land Reserve Fund, the Urban Redevelopment Authority of Pittsburgh must obtain the approval of the Council of the City of Pittsburgh prior to the acquisition of any vacant and improved real property; and

Whereas, the Port Authority of Allegheny County is the owner of a certain group of properties in the 13th Ward of the City of Pittsburgh bounded by Frankstown Avenue and Bennett Street and Braddock Avenue and Lang Avenue known as the "Homewood Car Barns"; and

Whereas, the said Port Authority of Allegheny County by its proper officers had offered to sell the "Homewood Car Barns" property to the Urban Redevelopment Authority of Pittsburgh on behalf of the Residential Land Reserve Fund for the sum not in excess of Six Hundred Sixty Thousand Dollars (\$660,000.00) so that it can be made available to the City of Pittsburgh for the development of low income housing in light of the pressing need for such housing in the Homewood-Brushton area; and

Whereas, the Urban Redevelopment Authority of Pittsburgh believes that the said purchase would be in the furtherance of its public purposes and in the public interest; and

Whereas, Council of the City of Pittsburgh believes that the aforesaid acquisition of real property by the Urban Redevelopment Authority of Pittsburgh will effectuate the purposes and provisions

of the said Residential Land Reserve Fund and desires to give approval to the purchase by the Urban Redevelopment Authority of Pittsburgh.

Now, therefore, be it resolved, by the Council of the City of Pittsburgh as follows:

1. Whereas, Dr. Foggie has pastored the Wesley Center AME Zion Church in Pittsburgh from 1944 to 1968; and

Whereas, Dr. Foggie served as a member of the Citizens' Advisory Committee, the Mayor's Fair Employment Practices Commission in 1953 and has been a Board Member of the Pittsburgh Housing Authority since 1954; and

Whereas, Dr. Foggie served as President of the Pittsburgh Branch of the NAACP for a number of years and has served on the Cultural and Race Relations Department of the Pittsburgh Area Council of Churches and is a Board Member of the Pittsburgh Symphony Society; and

Whereas, Dr. Foggie was elected on May 13, 1968, to the high office of Bishop at the thirty-eighth Quadrennial Conference of the AME Zion Church meeting in Detroit, Michigan;

Now, Therefore, Be It Resolved, That the Mayor and Members of Council express deep appreciation to Bishop Foggie for his many fine contributions to the civic and cultural life of the city and highest commendation for the great honor and distinction he brings to Pittsburgh in this new office.

Which was read.

Mr. Mason:

It is with great pleasure I present this resolution. Dr. Foggie, having received his Doctor of Divinity at Livingston College, has been a practicing pastor at Wesley Center AME Zion Church since 1944 to his election to the office of Bishop on May 13, 1968, at the 38th Quadrennial Conference of the AME Zion Church meeting in Detroit. I think what is most impressive to us was Dr. Foggie was one of the first persons named to the Citizens' Advisory Committee, to the Mayor's Fair Employment Practices Commission in 1953, and later to the Board of the Housing Authority, a position he yet holds. He has been a dynamic, moving force, serving as president of the NAACP and lastly, he is a member of the Board of Pittsburgh Symphony and the Pittsburgh Area Council of Churches. I think the City owes him a debt of gratitude for his contributions to the civic and cultural life of the City and for the distinction and honor he brings to the City in his election to the high office of Bishop.

Mr. President, I move the adoption of the resolution.

Whereas, Mr. Jones passed the Pennsylvania Bar and became an active practicing lawyer in the law firm of Barton, Johnson and Hamilton; and

Mr. Flaherty presented

Bill No. 1181. Whereas, The Steel Industry of Allegheny County and of Pennsylvania forms the economic lifeline for hundred of thousands of our wage earners and citizens as witnessed by the fact that 195,000 Pennsylvanians are directly employed by the industry with annual earnings of \$1.5 billion, and

Whereas, The rapid and constant increase of foreign steel imports has corroded and threatens to sever that lifeline unless corrective measures are taken—the evidence being that steel imports of 11.5 million tons in 1967 alone cost at least 14,000 jobs or job opportunities in Pennsylvania; and this becomes more ominous in the face of unchallenged statistics which show that steel imports for the first five months of 1968 have climbed 58 percent over the same period of last year and are likely to reach 16 million tons by the end of this year, and

Whereas, The alarms sounded by the Steel producers of Pennsylvania, spokesmen for related industries and by the United Steelworkers of America call for regulatory legislation, and

Whereas, We recognize the need to maintain the principle of free world trade and have no intent to support tariff barriers, but only to protect American producers and workers against so-called "dumping" of foreign steel on our domestic markets at prices with which our steel makers cannot fairly compete;

Now, Therefore, Be It Resolved that the Council of the City of Pittsburgh, on behalf of industry, wage and salary

earnings and the economic strength of our entire community, do hereby petition and urge Congress of the United States and the Administration to support and enact quota legislation that will restrict the rising and damaging tide of foreign steel imports, and

Be It Further Resolved, that copies of this Resolution be addressed to the major steel producers of this area, to the President of the United Steelworkers of America, the four Congressmen from Allegheny County and the two United States Senators from Pennsylvania to the end that appropriate legislation be enacted at the earliest possible date.

Mr. Counahan:

Members of Council, we are all deeply saddened by the death of State Supreme Court Justice Michael A. Musmanno on Columbus Day, October 12, 1968. He was a man known on the local, state, national and international level and his death is a great loss to all of us. And the Chair will recognize Mrs. D'Ascenzo.

Mrs. D'Ascenzo:

Mr. President, members of Council, we have a resolution prepared to present to Council at this time. I would like to say that what Mayor Barr said about the Justice encompasses everything that most people in this City and this State think about the Justice. In speaking of him as an individual, we must admit he was fearless in character. At a time when many people are fearful of speaking out on controversial issues, he had no fear of doing so. He always spoke for what he thought was in the best interest of all the people. I speak most particularly about his stand against communism and his stand on pornographic literature, movies and television media. For that reason, this man's voice will be missed. We can only hope that in this City or in this State, there will be another voice that will be raised to take up the torch that has fallen from Justice Musmanno.

Mrs. D'Ascenzo presented

Bill No. 1457.

The Mayor and the members of the

Council of the City of Pittsburgh join the thousands of friends and associates in mourning the death of Michael Angelo Musmanno, Justice of the Supreme Court of Pennsylvania, on Saturday, October 12, 1968.

Justice Musmanno was born in Stowe Township, Allegheny County, Pennsylvania, received an L.L.B. from Georgetown University School of Law, Washington, D. C., a Doctor of Jurisprudence from the University of Rome, Italy, and pursued studies at George Washington University, American University and National University in Washington, D. C.

As a lawyer, legislator, judge and justice, his life was devoted to the law and to the defense of the oppressed and the downtrodden. This devotion was evidenced early in his career, when he carried the appeal of Sacco and Vanzetti to the Supreme Court of the United States, obtaining a stay of their execution; he never ceased to regret that Court's refusal to reverse their conviction.

Justice Musmanno won prominence during his two terms in the General Assembly of Pennsylvania as a champion of labor and an opponent of the Coal and Iron Police. His book "Jan Volkanik", and the movie "Black Fury" based on this book, brought strong public pressure on the Legislature, compelling quick reform of this practice.

Justice Musmanno had an internationally distinguished career as a jurist. He served as Judge of the County Court of Allegheny County from 1931 to 1933, and was then elected Judge of the Court of Common Pleas of Allegheny County, a position which he held until his election as Justice of the Supreme Court of Pennsylvania in 1951. He served on the Pennsylvania Supreme Court for 16½ years, until his untimely death. In addition, he served as naval observer, as a Judge and as a Presiding Judge at the War Crimes Trials at Nuremberg, Germany, following World War II.

Justice Musmanno had a distinguished military career in World War I and World War II, rising to the rank of Captain in the United States Navy. He served as Naval Aide to General Mark W. Clark, commanding the Allied armies in Italy, as Military Governor of Italy,

and as President of the United States Forcible Repatriation Board in Austria.

The son of an immigrant coal miner and railroader from Italy, Justice Musmanno always remained true to the homeland of his parents and was, at the same time, a devoted champion of the land of his birth. His intense patriotism and his ceaseless battle against foreign ideologies exemplify a characteristic too often lacking at the present time.

Justice Musmanno expressed his devotion to justice, his dislike of privilege, his love of America, and his passionate zest for life in a colorful, often poetic, rhetoric, the like of which may not soon be heard again. He once expressed his philosophy thusly:

Opportunity in America, however, does not mean climbing with escalator ease. America withholds her rewards from the slothful and the easily discouraged, but she is always ready to recognize those who fling themselves with full heart into the never ending crusade to make our country ever greater; it constantly remembers with affection those who work and fight to right inequality and correct injustice; it never ceases to bestow the accolade of a nation's gratitude on those who carry oil to the lamp of democracies, so that it may never dim its vigil over a free and God-fearing people.

He leaves behind him an unexcelled record as attorney, legislator, jurist, author, and, not the least, human being.

Therefore, the Mayor and the members of the City Council express their deepest sympathy and condolences to the family and friends of Michael Angelo Musmanno in their hour of bereavement.

Mrs. D'Ascenzo

Mr. President, I move that the Resolution be adopted and copies sent to the family of Justice Musmanno.

Which motion prevailed.

Mr. Fagan:

Mr. President and members of Council, I rise to second the adoption of this

Resolution and also to express the deep sorrow the working men and people of our Nation and those of organized labor have for the passing of Justice Musmanno. Mr. Kuhn:

Mr. President, this is the last meeting at which Council will be sitting before our City Solicitor is sworn in as Judge of the Court of Appeals for the Third Circuit in Philadelphia. He will take the Oath of Office this Thursday afternoon at 2 o'clock in Court Room No. 2, the court room of the Presiding Judge, on the eighth floor of the Federal Court House and Post Office Building.

I think it is appropriate that we recognize Mr. Stahl's many substantial accomplishments and professional attainments as well as his great service to the City of Pittsburgh in his tenure as City Solicitor. I have mixed emotions in speaking about this because I have been very closely associated with Mr. Stahl since we were students in Law School together. He was, to my recollection, the finest law student I ever knew. He and I were in many classes together and his legal aptitude was quite obvious while he was a law student.

He came to the Law School after distinguished service in the Armed Services of our country. He was released from active service with the rank of Major after World War II. He was born in Russia and came to this country at an early age, attended high school in Kittanning, went to the University of Pittsburgh and returned to Law School in 1946 after release from service. While he was there, he attained one of the highest academic averages the law school has recorded, before or since. He graduated cum laude, a very rare distinction.

He was an editor of the Law Review and would have been Editor-in-Chief except for the fact that following the term of his predecessor, he only had six months before his own graduation—otherwise, his legal distinction and legal

ability and conscientiousness would have made him Editor-in-Chief without question.

He served in the Law School and the School of Public Health as a Director and Fellow in the Research Project established by Dr. Thomas Parran and Dean Charles B. Nutting to study and codify the public health laws of the City and to work on the new health code for the State.

He was a member of the faculty of the Law School during his many years of public service. His distinction as a teacher and scholar is well known professionally, locally and nationally.

He came to the service of the City as Assistant Solicitor while Judge Alpern, before her elevation to the Bench, was Solicitor and worked on many important and difficult cases in that tenure. After Mr. McKenna was advanced from City Solicitor to the office of Judge of the Court of Common Pleas, Mr. Stahl, who had served as his First Assistant, became City Solicitor. He then went to Harrisburg to serve as Attorney General of Pennsylvania during Governor Lawrence's administration, succeeding Judge Alpern in that position.

While he was there, he came to national prominence in a number of important cases. His legal distinction and ability were noted by leaders of the bar, one of whom, a distinguished lawyer in Philadelphia, a Mr. Segal, persuaded him to assume the very difficult position of director of a legal commission appointed by President Kennedy for the implementation of civil rights and effectuation of the purposes of the Supreme Court decisions in desegregation throughout the nation. He served in this difficult work for several years before coming back to Pittsburgh to assume once again the office of City Solicitor which he has served since 1965, I believe, without interruption. He is known to all of us personally and his family, his wife, Ponce, daughter, Judy, and son, Gerald, are almost a part of all our families, I think. I know we feel great pride and wish the best to them in this important culmination of Dave's professional career.

There is no question that Dave deserves this distinction and the country will benefit by his service in the impor-

tant work in the Court of Appeals in Philadelphia. We will certainly miss him here in Pittsburgh and I think we all share in a feeling of pride in his accomplishments.

I move that Council adopt a Resolution in recognition of the many years of devoted service which David Stahl has given the City of Pittsburgh and congratulate him and his family on his assuming the duties of Judge of the United States Court of Appeals for Third Circuit.

Mr. Kuhn presented

Bill No. 1528. Resolution in recognition of the many years of devoted service which David Stahl has given the City of Pittsburgh, and to congratulate him and his family upon his appointment as Judge of the United States Court of Appeals for the Third Circuit.

Therefore, The Mayor and Members of City Council express mixed emotions in the leaving of this excellent public servant and are elated that he will serve this community as a United States Circuit Judge.

Which was read.

Mr. Kuhn moved

The adoption of the resolution.

Mr. Flaherty:

Mr. President, in seconding the motion for the Resolution, I am sure all of us here on Council are going to sadly miss the hardworking and very gifted and talented and skilful work with which Dave Stahl has always provided us. Hardly anything could be added to Councilman's Kuhn's words which were so aptly and eloquently put. We all know how hard Dave worked. On Saturdays and Sundays and holidays, he constantly had his job here at the City in mind. I think it is going to be very difficult—I don't think it will even be possible—to replace what he has done for the City of Pittsburgh and I am sure we all recognize that.

I second the Motion.

Which motion prevailed.

Mr. Counahan:

We have with us today the Bishop Latin School and Mr. Flaherty. If it is alright with you, I would ask that you explain to them the working rules of Council. Mr. Flaherty gave an explanation of the workings of Council, which was followed by a brief question and answer period.

Mr. Counahan:

Thank you, Father, and students of Bishop Latin School, on behalf of all the members of Council. Thank you for your attendance here and I hope you will find time to attend some of our other meet-

ings. Our Committee meetings, where we discuss all of the ordinances that come before us, and our public hearings at which the public can air their views. You are welcome here at any time and thank you again for coming and come often.

Mr. Mason moved

That the Minutes of Council of Monday, October 21, 1968, be approved.

Which motion prevailed.

And, on motion of Mr. Mason

Council adjourned.

Mr. Kuhn presented

No. 1583. Report of the Committee on Public Safety for November 6, 1968, transmitting sundry ordinances to Council.

Which was read, received and filed.

Mr. Kuhn:

Mr. President, I have three communications as well with respect to Bill 1257 which request leave for representatives of three organizations to speak before Council at this meeting. There is a telegram from Mr. Charles Harris, Chairman of the Police Affairs Committee of the NAACP; a letter from Paul Sampson, Chairman of the Northside Christian Ministry, Social Issues Committee; and, a letter from Gilbert Venable, Executive Director of the American Civil Liberties Union, Greater Pittsburgh Chapter.

Mr. Counahan:

What is the pleasure of Council?

Mr. Mason:

Mr. President, you will recall that in Committee, I did vote against the bill simply because at that time, we hadn't had time to study it and, secondly, the amended ordinance had not been distributed to community groups. It is my understanding from the City Clerk, Mr. DiNardo, that these were distributed as of three o'clock Wednesday, last. I recognize there is a lot of confusion in the community about this ordinance. There were four groups that did submit to Safety Director Craig and to the then

City Solicitor, David Stahl, certain suggested amendments. It is my understanding from Mr. Craig that communications were received from the Mayor's Commission on Human Relations, American Friends Society, Allegheny Council on Civil Rights and American Civil Liberties Union and that 80 per cent of the suggestions offered by these groups were incorporated in the amended ordinance.

Apparently, there is still some concern. It is also my understanding, and ACLU, after our Committee meeting last Wednesday, indicated to me, upon question by me, Mr. Venable indicated he was replying for the majority of the other organizations. I double-checked this with Leon Haley who, in effect, agreed that because of their legal expertise, ACLU was replying for all the groups. Nonetheless, in light of the communication received here today, I would like to move these groups be heard this afternoon.

Mr. Counahan:

Any second to the motion?

Mr. Kuhn:

Mr. President, I would ordinarily not second such a motion because I believe the matter has been more than adequately deferred at the requests of organizations at the time of the original introduction of the bill at our first meeting after Labor Day in September.

At that time, I moved the bill be held over until an opportunity could be arranged for a public hearing on it. It was held and after that public hearing, notices were given to all interested organizations to submit their proposed suggestions and proposed changes in the ordinance to the Director of Public Safety and the Law Department. Many organizations took advantage of this opportunity and did so.

Last Wednesday, at our Committee meeting, many people, including representatives of some of the organizations that had submitted changes and proposed revisions, came to our Committee meeting and when the matter was under consideration during our Committee meeting, apparently elected not to be heard then, although they might have.

As a consequence, the bill was amended in accordance with recommendations of the proposed draft of amendments prepared by the Solicitor and Director of Public Safety who spoke with respect to it, and it was affirmatively recommended to this Legislative session of Council.

In view of that history, I would ordinarily view this matter as one very thoroughly considered. I feel reinforced in this belief by communication with Mrs. Finkelhor, with whom I talked last night. Mrs. Finkelhor is attending the convention of the National Institute of Municipal Law Officers, attended by solicitors and representatives of municipal law departments from cities throughout the country. They talked with respect to this ordinance, particularly, and Mrs. Finkelhor said that a number of law officers, lawyers and solicitors for other cities had expressed an interest in this ordinance. All of those with whom she had spoken had agreed unanimously that this was the best ordinance drafted on the subject. I therefore feel we have before us for final action a very, very carefully drawn ordinance and one that has taken into account the wishes and recommendations of those organizations that have responded to our request that they submit such revisions and recommendations to us.

Due respect for our own procedures, then, ordinarily would dictate I not second Mr. Mason's motion, because I think we have had more than adequate opportunity here, and so have interested citizens and citizen organizations, to participate by way of suggestions and recommendation with respect to the bill. Nevertheless, I will second the motion that we here, today, provide an opportunity to hear any objections which have not been considered before. This would apply to any objections which have not been taken into account and which have not been taken up with the Solicitor and with the Director of Public Safety. This is only an excess of caution that we hear from those people who may not have had an adequate opportunity, or who feel they have not had an adequate opportunity, to respond and for that reason, I would second Mr. Mason's motion with that limitation.

Mr. Baskin:

I want to make it clear that for my

choice, I would object to hearing these people today. As Mr. Kuhn said, there has been ample opportunity for all these people to make themselves heard and I don't think it is conducive to orderly procedure to, because a group walks into Council Chambers, they can interrupt the meeting. I want to make it clear if this happens again without a request for a hearing before Council, no matter who is requesting it, I shall object to such a hearing. The only reason I will vote for this motion today is out of courtesy to my colleague, Mr. Mason, and for no other reason.

Mr. Leslie:

I can only repeat, out of deference to my colleague, Mr. Mason, other than that, I would vote in opposition to hearing any group today.

Mr. Counahan:

This motion requires the unanimous consent of Council.

Mr. Kuhn:

I would also say, if this motion receives the unanimous motion of Council, that I would suggest we open the meeting for discussion, or consent to hear those people only after we have finished final action on the other bills we have before us so that these matters may be disposed of because they are unopposed and before us on the affirmative recommendations of Council's Committees.

Mr. Counahan:

You're speaking of all of the bills before Council on the legislative agenda, except Bill 1257. You suggest we dispense with the legislative calendar and defer action on Bill No. 1257 until after we have heard from those who wish to be heard, should that motion receive unanimous consent of Council.

We have a motion on the floor that consent be given to those persons who have sent in communications, if they have not been heard before.

Which motion prevailed.

Which was read.

And the title was read and agreed to.

Mr. Kuhn:

Three communications from American Civil Liberties Union, Chairman of the Police Affairs Committee of the NAACP, and the Northside Christian Ministry, those organizations did request they be given an opportunity to be heard. My second to Mr. Mason's motion was based on the assumption that what we would hear today would be confined to the amended bill and to matters not previously raised, so we will not be hearing arguments on those subject matters which were the subject of the prior hearing and deliberations on this bill.

Mr. Counahan:

Thank you. Who will be the first speaker, Mr. DiNardo?

Mr. DiNardo:

Mr. Charles Harris, Chairman, Police Affairs Committee, NAACP, UNPC.

Mr. Harris:

Mr. Chairman, members of City Council, I am perhaps deeply moved to stand here today, as our being here could possibly mean in the future months, many days of hardships with black and poor people. Our being here today reflects our feelings, the way we feel as to the future months coming in. I see many black and poor white children without food, probably without food, probably without clothing, without shelter, because of a law that is now pending. I can only say that with this in mind, I do not see how we, as black people or poor people, could let this leave our minds and support and cooperate with any local government and support this local government, with this type of hardship imposed upon us. I think you should think about this very seriously. I think you should take this under consideration because come 1969, we will be thinking about it very seriously. We will not rest because our thoughts will turn to this particular bill.

The NAACP and UNPC recognize City Council now has before it a modified form of a new disorderly conduct ordinance, originally introduced in August and for which a hearing was held last

month. However, we are very much opposed to the greatly increased fine of \$300 which is now to be levied for any violation of this proposed new ordinance. The period of time in jail, in lieu of this fine, goes now to 90 days—90 days as against the previous 30 days.

We say to the Mayor and to the members of City Council, if as stated here in these Chambers, the only purpose of this new ordinance is to clarify the nature of disorderly conduct for the benefit of the magistrate, the police, and the citizen, then why—then why—this greatly increased punishment? Recently, disorders in our city and everywhere, like any other social upheaval, has shown the need for many changes. Perhaps there need be a change in the law; but we stand absolutely opposed to any change in the law that will involve the increasing use of punishment—punishment.

We want the streets of our city to be safe for the black and white citizens alike. We do not believe that a harsh form of punishment is what will do this. We believe that good and fair enforcement of the laws and better police work together with the cooperation from the citizens will bring about safer streets for all our citizens. Gentlemen, we are concerned about what the black brother on the street will feel about this new ordinance. Why are you increasing the punishment by three times? What is your intention in this?

If you want to make the law more clear, then why did you not leave the punishment as it is? You know only too well that peace in our cities will not come through punitive measures and we call upon you to reduce the punishment—the punishment—to the previous level and then the black man in the streets might just believe that your intentions are honorable. If you adopt these changes, in spite of findings at top-level inquiries into racial disorder, we will have seen the highest legislative body of our city take steps that will only lead to increased tension—increased tension.

Mr. Chairman, I ask that my colleague, Mr. Nick Fournoy be given a chance to be heard.

Mr. Counahan:

This is not a public hearing. Under the motion, only the three who made the request will be heard, so I am not in a position to grant that request.

Mr. Harris:

I also have, Mr. Chairman, another member here and I would like to ask that my colleague, Attorney Brown, who is the President, now, of NAACP, be given a chance to add to my statement, please.

Mr. Counahan:

If there is no objection of Council, you may proceed.

Attorney Byrd R. Brown:

Mr. President, members of City Council, I regret you will not permit Mr. Flournoy to speak; I appreciate your permitting me to speak.

If you will refer to Sections (b), (f), and (g) of your proposed ordinance, you will see in Section (b) you have defined the indictable offense of assault-and-battery, and Section (f), in part, makes reference to the indictable offense of malicious mischief, and Section (g), "commits a trespass on residential property or on public property," I believe we already have briefs as to that on the books. The point I am making is this.

You are passing an ordinance which you call a "disorderly conduct ordinance" and yet this particular ordinance has involved in it certain indictable offenses for which a person would be entitled to trial by jury; by which a person would be constitutionally entitled to have the defense and aid of counsel. By incorporating these indictable offenses into this ordinance, you are, in effect, depriving a citizen of this City of his right to trial by jury and his right to counsel and his right to be presumed innocent until proven guilty beyond a reasonable doubt and I think this is defective for these reasons.

Refer to Section (c). When you say "unreasonably loud noise"; noise unreasonable by whose standards and who

makes that judgment? I am making a loud noise now, and I assume you will not consider it to be unreasonable.

Section (e), you make reference to "serious inconvenience" and again, I don't know who is being inconvenienced and how serious it is and I think this is vagueness. In all candor, there are other sections, insofar as your definitions are concerned, and I would recommend an effort to clarify this matter of "disorderly conduct."

With respect to the penalty, I would like to add one thing. I am speaking as a lawyer with considerable experience before aldermen and magistrates of the City of Pittsburgh. I don't know how often any of you have ever been before an alderman or magistrate. If we had an independent aldermanic system and if we had an independent magistrate system, perhaps you wouldn't be so leery of these sections, but where you have the magistrate appointed by the City and the City is also controlling the police, and where you have the alderman, at least in his City, where all deputies are involved in politics and the same political party you people are, I believe we cannot expect there would not be serious abuses of the system, itself. The very fact we have had a Constitutional amendment to give persons certain rights, clearly should give you some indication at this time that we ought not to empower these people to more-or-less rid the community, if they want to, of anyone opposed to them.

I have seen these disorderly conduct hearings and I feel that they use the political web and racist weapons and I feel you should backtrack, not to \$100 but to the same form the Commonwealth uses. It has a disorderly conduct ordinance and its penalty is \$10.00.

If a person commits a crime, there are enough statutes on the books and those of you who are attorneys know we have enough to have a man arrested, indicted under due process. You ought not to otherwise circumvent our present system with a disorderly conduct ordinance.

Mr. DiNardo:

Paul H. Sampsell, Chairman of North-

side Christian Ministry, Social Issues Committee.

Reverend John Long:

I will represent the Northside Christian Ministry in place of Mr. Sampsell.

I will not read the letter we wrote. I would ask Mr. Kuhn to make copies available to the other member of Council or to at least let you look at it. But I might take time to reiterate very briefly our concerns with this ordinance and where it is we get this concern.

We are an organization of churches of eight in number, five different denominations, Northside of Pittsburgh. We agree with the purpose of this ordinance and with the feelings of, I think, most of you and most of the Lew Department and people responsible for drawing this up. We are interested in firm and fair law enforcement as a general thing. We are very much in favor of rewriting this ordinance to make it firm and fair, instead of the rather vague present statute.

I was not permitted to see the original ordinance until after it was acted upon but I have been able to secure a copy of the present one. This amended ordinance is a great improvement over the original but in a few specific regards, it does still come out deficient, in our thinking.

In the first place, and I won't go into this as we agreed with other speakers three hundred dollar fine and 90 days in jail is excessive. It has been our experience of people who are working all day, every day, in the Northside, that this is not used to the fullest extent it is available at the present time. You can ask Magistrate Chapas how often I appear in his court—probably only second to Attorney Brown—but I have never seen more than a ten-dollar fine, eleven-dollar cost, except in one case where a charge was reduced to \$25.00, which seems to me entirely adequate.

The Northside Ministry is also concerned about a second item not touched on previously and that is, we feel, since this is a City ordinance, it should be taken not to magistrates and aldermen, as Section 3 provides, but should be limited in such way it goes to police

magistrates only. The reason for our feeling being, it is well known, cases get taken to aldermen who, you feel, are going to be sympathetic to your point of view—you being the plaintiff. It seems to us, since this is going to have force only in the City, it would be simpler under magistrate jurisdiction and who can therefore be expected not to be chosen because of any sympathy to one side or another.

More important than these two, however, our objections to the ordinance at the present time are pointed to asking you, and I hope Mr. Mason or Mr. Kuhn or someone else, Mr. Flaherty, someone might make some amendments to this at this point because it is our considered opinion, having studied it carefully, and having consulted with our own counsel, the deletion of certain words, rewriting of small sections, might make this into an excellent piece of legislation.

We are concerned about Section 1, Definitions, and (a) under it, where simply deletions of those last sentences would eliminate a significant problem. Put a period after "nuisance"; period after "violence" in section (a) so that we're talking about people who do a specific act of violence and eliminate a vague and dangerous language which allows a person to be arrested because of the likelihood of violence or likelihood of public danger.

As a matter of fact, it is conceivable to me, under the present statute, even an officer of the law could be charged with disorderly conduct because of his action created violence on the part of other people and I could give you case histories.

In Section (e), instead of "likelihood of harm," change to "substantial harm."

Section (f), "befouling or disturbing public property"; if that one word could be removed.

On the second page, Section (g), (2), if a period could be put after "posted," we would have a tight and clear ordinance. If rules are on the wall and say you can do this or you can do that or you cannot do this or you cannot do that, then you can't.

This is difficult, I know, but I submit to you that we feel this on the basis of a good deal of definite and clear experience of other ministers and myself. We're on the streets practically 24 hours a day and are on the streets anytime is tense. We see how trouble develops. We see where law enforcement is good and where it is deficient and I submit to you that where law is clear and policemen come in where a man needs arresting, even though bystanders are around, there is no argument about this if he is doing wrong, he is going to jail. That is not when you have trouble. When you have trouble in the community, in the court, is when you have a law which allows a great deal of on-the-street judgment; where the officer, himself, has to make a judgment whether what is happening is this or is it not disorderly conduct. Then his judgment is subject to argument by people on the street because they read the law differently than he does.

When the law is not clear, this is when you have trouble. Where the policeman is called upon to make a legal judgment he is not qualified or trained to make in a tense situation, he has trouble, time after time after time. Where the law is clear, the community knows it and he knows it and there is no trouble.

Mr. Counahan:

Thank you, Reverend Long. Who is our next speaker?

Mr. DiNardo:

Gilbert Venable, Executive Director, American Civil Liberties Union, Greater Pittsburgh Chapter.

Mr. Venable:

Gentlemen, Mr. Leon Haley, Chairman of the Allegheny Council on Civil Rights, and myself, have prepared a joint statement representing our two groups. This statement is before you now and I do not propose to read all of it. I would like to thank you very much for the opportunity to put our suggestions in written form before the City Law Department and the Department of Public

Safety and wish to thank those departments.

We think the ordinance has been greatly improved over the prior ordinance. Our specific proposals were put forward to the drafting group only in written form. We prepared a five-page report. However, this is a very complicated ordinance and it is not possible in one written statement to work out every individual word of an ordinance. That is what I would like to request of Council, to have an opportunity to sit down, as was suggested at a previous Council meeting, sit down and have a chance to talk—not submit something in writing.

I want to impress upon you the tremendous importance of this one ordinance. It is possible 50 per cent of all arrests in the City of Pittsburgh, based on an FBI report of arrests in large cities, which is a very substantial portion, will come under this ordinance. One word or one phrase could result in a hundred arrests a year and one word or one phrase is bad if it could cause one bad arrest a year as it could cause a great deal of tension. I would like to point out two matters, really basic. Other changes could be made to help strengthen it but there are two matters we feel so strongly about, I want to call them to your attention and would like to suggest the ordinance not be passed until two amendments are made.

One is in Section (b), the words "threatening" and "tumultuous." Without any limitation, "threatening" is now covered in the new proposed section, in Section (d), which also incorporates the Constitutional safeguards required to punish a form of speech. "Threats" are a form of speech when they create a "clear and present danger of violence," but not all threats.

Our second comment with regard to Section (b) is the word "tumultuous." This word is a nice word if you understand what it means. I'm afraid it takes a person with a good education in the English language to understand it. Even if you do, it has a very broad meaning.

A crowd milling around—in some cases a crowd milling around is a bad thing. In other situations, it is purely harmless.

We make two suggestions. Number one, in Section (e), this covers to the extent that "tumultuous" crowds need to be covered and therefore the word "tumultuous" can be eliminated. However, the problem could be cleared up to a certain extent by inserting the phrase in Section (b), "which creates a clear and present danger or violence." This would eliminate both the word "tumultuous" and "threatening."

Finally, we suggest if this were just another ordinance, we wouldn't be saying this but would trust the system. We wouldn't want to fuddle up the books with limits of fines. However, this one ordinance is so much more important than any other ordinance, we feel it should be up to City Council to decide what that fine should be and we would like to suggest the fine be \$10.00. We would suggest this is quite sufficient, is ordinarily imposed already and should be embodied in this ordinance. Thank you.

Mr. Kuhn:

Mr. President, since we began to hear from the speakers, we have just received a note on the letter from Mr. Lawson, Assistant General Counsel for the United Steelworkers of America, the point being he did write earlier, under date of November 1, 1968, requesting an opportunity to be heard. I believe Mr. Lawson was present at our Committee meeting last Wednesday but was not heard so if he desires to be heard today, I wonder if permission for him to speak might not be granted.

Mr. Counahan:

If there is no objection of Council.

Mr. Lawson:

Thank you very much. I did write about two weeks ago. I am not going to read the complete letter I have with me. I have copies, too, for all Council. A good deal of what I was going to say was covered by Mr. Brown and Mr. Venable.

The ordinance proposed, the disorderly conduct ordinance, in the view of the Steelworkers of America and the

Supreme Court of Pennsylvania, should not be used for a catch-all for every act that annoys or distrubs people. The ordinance has a definite purpose, definite objective, and that is to preserve the public peace.

In looking at this ordinance, the proposed ordinance may provide a clearer guidance to the police officer who is charge with its enforcement. The language of the ordinance is such, the ordinary citizen, the ordinary union members, are not aware of what conduct is and what is not prohibited. I must say in all frankness, the proposed ordinance is vague.

With regard to Section 1 (a), I think the criticism of the word "likely" is very well taken. I would concur with the suggestion that it be eliminated from Section 1 (a).

Section 1 (d), particularly, is another section which causes a great problem. I am not aware of any fixed legal meanings to aid the policeman who is going to be charged with enforcing it. He will have his difficulties in knowing what he is supposed to prohibit and what he is supposed to permit.

Section 1 (f) is ungrammatical and I presume someone will want to change that. The term in Section 1 (f), "physically offensive," I submit that is of dubious constitutional validity. Befouling, perhaps disturbing public property or property of another? Creating an "offensive" condition doesn't mean very much to me.

I would like to also say, I think there is a lot of duplication in this ordinance of other statutes already on the books which would make identical behavior unlawful. I would only add in closing, this is highly susceptible to abuse. It constitutes a large number of arrests herein. I would hope—the Steelworkers would hope—all ambiguities would be eliminated and not left to be struggled with by the courts and those of you who are lawyers know whereof I speak. Thank you for your time.

Mr. Kuhn:

Mr. President, before this legislation is before us for a final vote, I would

like to say I appreciate the spirit in which many of the comments have been made here and the candor with which the people who have spoken have indicated the sincerity and value of the effort of the drafting of this ordinance, an otherwise very doubtful disorderly conduct. In short, the one we have on the books is much worse and much more subject to abuse than is the proposed bill, its original or amended form. It is the desire to make clear to all concerned subject to the ordinance and those who enforce it, that we have clear language.

I am glad we do have the acknowledgment by those who have spoken that this language is more clear and does represent a substantial improvement. I would also like to observe, many of the objections made here today are ones which have been considered by the drafters of the ordinance and by this Council in the prior hearing and in Committee meetings on the subject. So we are not, here, considering a bill which does not take into consideration the objections of some of the people such as Mr. Venable and Mr. Lawson and Mr. Haley and others, and also other people who have had occasion to examine and criticize it. Some of the objections to this, I am quite sure, are understandable because they relate to the administration of our laws by our police and our magistrate system that prevail in the City and to abuses and discrimination that can exist in this field. These are addressed to the administration of all laws, whether relating to disorderly conduct or violation of the vehicle code or rights of property of the individual, generally. These abuses and discriminatory courses of the law are of concern to us all the time. We would certainly hope our law enforcement and judiciaries are all going to operate and seek to enforce the laws in a fair and firm manner, this without regard to race or other factors.

On the race issue, I think we have all had adequate consideration given to this factor of this bill in its original and amended form. This is particularly so in view of the fact not only on this bill but prior legislation in this area, we have had requests from black and white communities alike with respect to the protection of the rights of citizens from just the kind of tumultuous

gathering of young people, black and white, in neighborhoods that are either predominantly black or predominantly white. The requests made to us in this field have been pretty much color blind.

We wouldn't be realistic in thinking any bill, as long as human nature is at its present state, always is going to be administered in a color-blind manner and I hope our police and judiciary do so.

The objections in relation to this aspect of this bill, I think, go beyond the bill, itself, and goes to the enforcement of the bill, generally. This bill, however, does accomplish many important purposes. It does show in ways that clarify, rather than becloud, areas of important law enforcement.

Moreover, in the penalty provisions, I think Reverend Long of the Northside Christian Ministry, has pointed out that where the discretion of the magistrate is involved, as it is and would be under this bill if developed into law, ordinarily for a disorderly conduct case, doesn't involve the imposition of a penalty of more than \$10.00. But in an aggravated case, it may well be that a \$10.00 fine may not be an adequate penalty for that aggravated offense.

While I appreciate the sincerity and good faith of those who have come here in an effort to give us the benefit of their thinking on this bill, I believe we have considered it thoroughly and adequately. I believe it will be enforced and interpreted according to the Constitution of the United States, and I believe the tests those documents will put it to will be met adequately. I therefore think this bill should not be further delayed or further taken apart. I think it has been adequately reviewed and considered by the members of Council.

Mr. Baskin:

I had not intended to speak but I, too, was very impressed by the cogent arguments given here today and I think it only fair that I amplify Mr. Kuhn's answer as to why we are adopting this act so we can responsibly answer to responding to arguments made here.

So far as the fine and imprisonment section is concerned, I would like to point out something that hasn't been mentioned and that is, everyone of our punitive ordinances that have been passed in the five or six years have had the same language, the same fine, up to \$300 and up to 90 days. I think, therefore, it should be brought out, we are not treating the punitive aspects of this ordinance any differently than we are any other punitive ordinance.

Secondly, so far as aldermen or police magistrates are concerned, that, too, follows the language of everyone of our so-called punitive ordinances and as a practical matter, I don't think a disorderly conduct charge has been brought before anyone except a police magistrate. So, from a practical standpoint, I think we have what one of the speakers desires.

So far as the language is concerned, I think we can all agree that some of the terms are not too precise. I, myself, agree, I don't quite understand what "tumultuous" means. We have sometimes have some closed meetings that are rather "tumultuous" and I suppose someone could accuse us of disorderly conduct, but I think no matter what we do, you will never get language on a subject of this sort that is going to be so precise, no one will argue with it. I think as a practical matter, we have to arrive at a conclusion sometime.

I would point out that in the first part of Section one, and I would like to read that, Mr. President, so everyone will know it is not just the policeman's whim . . . "or if with knowledge that he is likely to create such public danger, alarm, disorder or nuisance, he wilfully . . ." Wilfully. Now that phrase modifies every single one of the subsections which follow so that none of the subsections could be taken by itself. I think that opening phrase gives the protection most of the speakers were addressing themselves to.

Furthermore, to amplify what Mr. Kuhn said about administration of the ordinance, I say this. Every member of Council is very interested in the administration of this ordinance because of its nature and the controversy that surrounds it. I think we shall be watching

it as closely as any group here today or that spoke to us previously. I think any abuses become apparent, there will be no hesitation on the part of Council to address themselves to such abuse and, as in the past, this Council will be ready to meet with any groups who can show us that there is some abuse.

I would like to say in conclusion, this. We have a very difficult subject to treat here, no question about it. The language, as I said before, cannot be as precise as we would like it to be. As a lawyer, I can recognize that as well as the lawyers who spoke to us but all we do in this, as in any other matter, is do the best we can with what is available to us. We feel we have the best type of this ordinance we can get. If it comes through that we are wrong, I am sure we will correct it.

I have a feeling that most of the alarm which has been sounded today will not be borne out by what happens in the future but at any rate, this is the best we can devise at the present time and for that reason, I intend to vote for this ordinance when it comes before us for passage.

Mr. Flaherty:

Mr. President, members of Council, ladies and gentlemen, I suspect most of the people here do not have a copy of this ordinance before them, but you have heard many specific complaints against it. You have also heard some good things said about it—that it is improved about 80 per cent over the previous ordinance submitted to Council.

I agree, such words as "threatening" or "tumultuous behavior," if that were to be made of prime importance, I would vote against this ordinance because many times we are all guilty of tumultuous or threatening behavior. But it doesn't say that. It states disorderly conduct only of threatening or tumultuous behavior which creates a public danger or public alarm.

As Mr. Baskin pointed out, you must relate everything in the subsections back to the first phrase. Attorney Brown, whom I know as a good lawyer, pointed out that any unreasonable or loud noise

would be an offense. Actually that is not quite accurate. The unreasonably loud noise must also cause public alarm or public disorder. For instance, if a person were to shout "fire!" in a theatre, wouldn't this be an unreasonably loud noise which could create a danger? Any of us could make an unreasonably loud noise, however, not in purview of this law.

Another thing mentioned, Section (a), any act likely to produce violence is a crime. That, too, is not quite accurate. The act, "likely to produce violence," must also be likely to create a public danger, public alarm, and that is the whole key. Say we have a police officer, if he would see young persons about to strike another with upraised fist or upraised weapon, would you require him to stand by until the blow is passed if that action is likely to produce violence? I admit, we can all read these and find certain points of language on which we might agree or disagree. Remember also, this Council can amend this ordinance at any time.

Also, Mr. Harris pointed out, the penalty is being increased. It was also pointed out by the Northside Ministry that many hearings they attended, the present fine of \$100 is rarely invoked in fact and is usually \$10.00.

We have been asked to try to specifically define further the language of this ordinance. I would say we are getting 80 per cent of this accomplished. I agree it is not perfect, but we are going to act on it today.

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

| | |
|----------------|--------------|
| Mr. Baskin | Mr. Kuhn |
| Mrs. D'Ascenzo | Mr. Leslie |
| Mr. Fagan | Mr. Mason |
| Mr. Flaherty | Mr. Counahan |
| Mr. Kamyk | (Pres't). |

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

PRESENTATIONS

Mr. Baskin presented

Bill No. 1690. Communication from the Honorable Joseph M. Barr, Mayor, City of Pittsburgh, submitting to City Council a proposed tax, under the Local Tax Enabling Act, to be known as Institution and Service Privilege Tax.

Which was read, received and filed.

Also

Bill No. 1691. An Ordinance to provide for the general revenue by imposing a tax upon the privilege of conducting or operating a service or service institution in the City of Pittsburgh as measured by the gross receipts derived from all service transactions; requiring registration and payment of the tax as a condition to the conducting of such service or service institution; providing for the levying and collection of such tax; describing the requirements for returns and records; conferring powers and duties upon the Treasurer; and imposing penalties.

Which was read and referred to the Committee on Finance.

Mr. Baskin:

Mr. President, I would like to make a statement concerning the budget and statements made yesterday by Mr. Flaherty. I think these make an unwarranted and rather irresponsible attack on the Mayor and his staff and City Council in accusing them of waiting until the last minute to prepare the budget. Normally, I would ignore such a temperamental outburst. On the other hand, I think the budget is so important, particularly this year, that the public has a right to know the facts as they really are.

Unfortunately, it only takes one sentence to make an accusation and it usually takes much longer to document a reply. If I were to answer the charge that we have acted hastily, in one sentence, I think it would have to be that, unfortunately, Mr. Flaherty has not set the facts before the public as they really are and unfortunately also, despite his concern for the budget, until last week, he has never made any suggestions to me or to the Mayor concerning the budget. The facts are, and as Council is well aware, knowing the budget problem we are going to have this year, that the Mayor instructed his staff to begin planning the budget on or by July first of this year, which is really the first time you have even a fair idea of what your revenues and expenditures and needs are going to be, both for 1968 and 1969.

The Law Department was instructed to continue researching possible sources of taxation, including the public safety tax, occupation tax increase, research into the problem of taxing non-profit institutions, and investigating other possible sources of revenue, many of which, of course, had to be discarded because of legislative restrictions.

The Mayor's staff began in July to confer with departmental heads on departmental requests and as anyone who knows budget procedures and budget problems knows, countless hours were spent by the Mayor's staff in reviewing millions of dollars in requests of various departmental items. That, in itself, is a staggering task.

We then had the problem facing us, the arbitration awards, which were much

higher, I believe, than anyone contemplated. We had the problem of waiting until the Legislature reconvened so that we could ask them for the kind of relief to which we were entitled. Even there, the Mayor had prepared his case in time because weeks before the Legislature convened, each member of the Senate and the House had a copy of the proposed public safety tax and of the occupation tax increase bills and also discussed the matter with some of the Republican leadership.

When the Legislature convened, they had had all of our proposals before them for sometime.

I have no objections, certainly, and could not have any, to any member of Council making any suggestion he wants to on the budget or opposing any views that any other Councilman or even the Mayor might have. Healthy discussion is good in any arena and I think it has been shown here, over the years, that free and open discussion has been a part of our procedure when important matters are involved. But there is a difference, it seems to me, between making constructive, specific suggestions on budget matters and wrecklessly attacking an entire administration which has been trying, under most difficult times, and bound as they are by legislative restrictions, to come out with a program which will enable the City of Pittsburgh to continue to move forward with its redevelopment program as it has over the past 20 years.

If there has been any difficulty this year in the budget more than in any other year, I think the fault lies not with the Mayor's lack of diligence, as has been suggested, or with City Council's neglect, as has been inferred, but with legislative restrictions with which we found ourselves bound. The fact of the matter is, we have obtained all kinds of advice from all kinds of experts and as I said the other day, we don't need experts and we don't need more planners; we have them in abundance. Our need is money and the Mayor and City Council have been wrestling with the problem of trying to meet these emergency needs brought about in large part by this year's 1968 difficulty in the City and by arbitration awards and expansion by the police force in a way that

will not impair the credit rating of the City or put too heavy a burden on the taxpayers.

I think it was earlier in August or September that the Mayor and City Council decided that if it were at all possible, they would seek possible alternatives to the imposition of the real estate tax, after we learned of the tax increases that would be requested by the School Board and the County.

In conclusion, I would like to say that we welcome any and all suggestions from members of Council, of course, and from the public at large, and constructive suggestions are always sought after and duly considered and dealt with. However, I think it serves no useful purpose to twist the historical facts and suggest the Mayor and Council have been guilty of not carrying out their duties in regard to the budget.

I think you will find this Council already knows, and the public will discover, when the Mayor's budget message is released on Thursday, that the Mayor, with the help of City Council, has found ways and means of meeting this crisis in our history in a manner that will have the least impact upon the credit rating of our City and on our economy of the City and the County, generally. I think the public will find that the Mayor's budget this year will be an excellent one in view of all the circumstances and difficulties which have faced us all and I, for one, am willing to abide by the judgment of the people after they have seen the Mayor's budget message.

Mr. Flaherty:

Mr. President, may I respond to the remarks of Mr. Baskin?

First of all, I recognize an unusual sensitivity by the Chairman of the Finance Committee but I must remind him I am an elected official of the City of Pittsburgh and I see no harm in suggesting changes be made in what I consider an outmoded budget process. I recognize when you do suggest changes, it may cause some sensitivity, particularly, apparently, in Mr. Baskin's case, but I made no personal attack on the Mayor or any of my colleagues in City

Council for whom I have the greatest respect. I am merely saying the process, itself, needs some changes.

Mr. Baskin, on the one hand, says he welcomes change, and on the other hand, says Peter Flaherty, because he has made some suggestions, is now personally attacking the Mayor and my colleagues. That is certainly not true.

I mentioned in City Council conference yesterday, both there and to the Mayor later, that we do need changes in the budget process since I truly feel the process does need more professionalization. For me to make these suggestions are now called an accusation, not a suggestion, and an attack on the Mayor and on my colleagues in Council, which is far from accurate.

I do think we act too much on an emergency basis and to some extent, I think it is our own fault for allowing it to happen. It is also, I think, to some extent, contrived, perhaps because it makes more saleable to the public. If that is so, I think that should also be changed.

We knew the police and firemen were entitled to a substantial raise and most of us in Council are in favor of this. We knew months ago, the police and firemen were going to get a raise which most of us felt would be \$1,200. The police instead got \$1,375 and the firemen got \$1,800. Nevertheless, we knew they were going to get substantial raises and this is only \$4 million of the \$15 million deficit we are in. The other \$11 million we saw building up even before the police and fire arbitrations.

All I am saying, let's not wait until December. I think we can do this by adding to our budget process, at the present time, a man in the field of urban economy. I don't think it is wrong to suggest change and as an elected official, I do not intend to be silenced and censured by the fact I am not playing the game and by letting everything come out of the Mayor's office.

I think Council must exert leadership. I think it is essential for Council to take a stand and take some initiative at this time in the legislative process. The budget, traditionally, has been imposed as a duty of City Council and I don't

know that it has been. The budget has been set as a function of this City Council and I am suggesting we start making changes in the budget process so we don't wait until the last minute and act on an emergency basis. This is not the way to do business. The budget, from the time I entered Council, has gone from a \$60 million to a \$100 million a year budget and we have got to move and make changes with it and that is all I am suggesting.

Mr. Baskin:

Mr. President, I don't think there is any point to carrying on this discussion any further. I have had my say and Mr. Flaherty has had his. As I have said, I always leave it to the judgment of my colleagues and people to determine who is right and who had a sound approach. I do want to correct the figures Mr. Flaherty keeps repeating because I think it is symptomatic of his lack of understanding of our budget problems.

He keeps saying the police and fire departments are responsible for only approximately \$4 million of our estimated \$15 million need. That is so wrong that I don't know how he keeps repeating it. For example, in 1968, we spent approximately \$1.5 million more than what was budgeted for the police and fire bureaus. That means we are carrying into 1969 \$1.5 million less of a surplus solely as a result of expenditures for public safety functions.

Secondly, the arbitration awards amount to approximately \$4.2 million. That is an increase of almost 30 per cent over the pay of preceding years.

In addition, because of public safety problems, the Mayor recommended and Council approved the addition of 190 men to the police force. That will cost us over a full year approximately \$1.3 million.

In addition to those three expenditures, we have the expenses of equipment and maintenance of that equipment for the police and fire bureaus. Now those expenses are not shown in the Department of Public Safety but in the Department of Public Works. It is the Department of Public Works that

maintains the equipment and orders the supplies so that you would have to look there, too, as to what expenditures are being made for the Department of Public Safety and if you look there, which you should, you will see the purchases as put in maintenance, at least \$1 million more, is attributable to the police and fire bureaus.

You therefore come to a total of close to \$8 million of our financial predicament which is brought about by the fire and police bureaus.

That is not the fault of the firemen and policemen and no one has blamed them for bringing this situation about. However, you cannot escape the facts which are that of our deficit (which, incidentally, through diligent and careful work, will be less than \$15 million, when the budget message comes out to Council approximately \$8 million is attributable to public safety functions and the police and fire bureaus and I thought the record should be clear on this.

Mr. Flaherty:

Mr. President, may I say this to my colleagues and Mr. Baskin?

I think the fact that I have made some opposition to some of the proposals may be helping things for this entire body and for the City as well. It seems to me a few days ago, Mr. Baskin was talking on the radio and television about a possible real estate tax of 10 mills on land and 5 mills on buildings. I might say, insofar as I am concerned, and I believe with my fellow colleagues, he never discussed this with us. He went to Harrisburg with the Mayor, we never had any discussion with Mr. Baskin, nor did he, as far as I can recall, bring us into the picture of what he was thinking.

Talking about communication, I think maybe out of all of this might come better communication between Council, Mr. Baskin and the Mayor's office; I think that would be healthy for all of us.

But to expect me to remain silent about this most serious budget in the City's history is to be expecting too much, and to expect me to go along,

rather than criticize and suggest changes, and when I do, to call it an accusation, an attack, I am not going to stand for that any more, particularly with respect to this, the most serious budget in the City's history.

Mr. Leslie:

Mr. President, I am not going to get into this debate as to who is right or wrong. I attend most meetings and I think had everyone attended all the meetings held, they would have known, as I knew, that regardless of any tax millage on real estate as may have been stated publicly by any member of Council, that many weeks ago, the ultimate goal of this Council, particularly in regards to this budget, was that there would be no tax increase on millage on real estate in Pittsburgh. This was my impression for as long as a month ago.

Many things were said publicly; many questions asked by the news media. I am sure most of them could not be answered at the time and possible this is part of the game we play but I have said privately to some of the news media that I was not going to vote for a tax increase in millage on real estate, no longer than two weeks ago.

I have to go back at least six months when you, Mr. President, were one of the first to insist we get information on the budget; that we should not wait. You, Mr. Counahan, and I gave you credit for this, were the one most concerned at the time that Council not wait and suggested we had to start doing something about this on our own private way; think of our own departments of which we are chairmen, in light of what we can do, and this was discussed.

Some of the things I have heard in the last two or three days, I did not hear discussed at meetings previous to the time they were in the newspapers. I have no objections to this. I have always bowed to the chairman of the particular committee or the member of Council when he had a statement to make. I do think that if there are constructive suggestions to be made, they should be made and considered and if they can be workable, should be accepted or discussed in the way we are doing here.

Certainly, we have to live with the times. I am bothered by things said in the news media of which I have no knowledge—things regarding this budget which keeps growing and may reach \$100 million in future years.

I will close with this statement and say I want to thank Mr. Baskin, who, I think, has worked hard on the budget; I think he is sincere. This is the seventh budget I have had to take part in and I have always had the utmost confidence in him and his committee. Perhaps there are things that should be done differently and we are changing. I have found everything in this Council is an emergency, more or less. I don't walk in here any morning where a proposal is made which, by the next day, changes aren't made because of pressures of organizations, by neighborhoods, developers, or one person or another. This applies to the everyday work of the elected members of this Council today. I cannot plan too far ahead anymore, with the times as they are and the emergencies as they are, and the demands of the people and the needs of the people as they are.

There is one thing I want to make sure of—that we do not, in any way, stop any of the public services now afforded by the City; that we continue to pick up rubbish, fix holes in the streets, and perform all the day-to-day services and even possibly try to improve them. I am going to close with those remarks, sir.

Mr. Fagan:

I rise at this time in deference to the right of any of the City Councilmen to make an expression as to what they feel is the proper way this Council should operate, whether it is a question of budget, finances, or any other phase. I feel primarily, the Councilmen should speak out because the people who have elected them are depending upon them to make an expression of the way they feel this budget should be resolved. I feel the City of Pittsburgh finds itself in a dilemma as far as our present financial structures are concerned and I think honest differences of opinion exist and I feel it is an imposition for any councilman to criticize another councilman for making a fair and honest statement

as to how he feels about this budget. I know I will always reserve that right to make, either publicly or privately or any other way, an expression of opinion in this Council, and I do not feel I should be censored by anyone for it.

As far as Mr. Flaherty is concerned and any expression he has made, in my opinion, he has made it honestly and sincerely and in the best interest of the citizens of our community. I do not think there is anything sacred about the finance committee or the Mayor's office. City councilmen are the ones who are going to have to stand, as far as criticism or whatever comes out of this budget. I think we have the right to express our opinions and I think it is unfair and unkindly to reprimand another who speaks in the interest of what he thinks is proper, as far as the operation of this City is concerned. I know before the budget is finalized, I will have expressions as to what I feel is proper and whether I am criticized or not, I feel that is what I am elected for, that is why I am here. I feel it is necessary; I feel it is in the best interest of the City of Pittsburgh and all the citizens of this City.

Mr. Counahan:

May I introduce Mayor Joseph

M. Barr to present his Budget Message. President and Members

City Council
City of Pittsburgh

Gentlemen:

In my many years in the State and City governments, I have never faced a greater responsibility or more frustrating experience than I have in preparing the 1969 General Fund budget to meet the worst financial crisis in the City of Pittsburgh's history.

While other cities and other units of government face similar financial problems, our crisis has resulted from a combination of forces which have conspired to dictate our expenditures and to leave us little latitude in the choice of our revenues. To begin with:

—The April disturbances, the continuing social unrest which soared police overtime, and other emergency appropriations seriously depleted our cash surplus carried over from last year.

—The exorbitant awards handed down by police and fire arbiters—without any regard to the City's resources—have built in millions of dollars in costs in 1969 and in subsequent years.

—The courts have ordered the City to make substantial refunds to Downtown property owners who have appealed their assessments. This had a substantial impact on the 1968 budget and will continue to erode our income in the foreseeable future.

—Rapidly escalating inflation, nationally, is boosting the costs of all labor, goods and services which the City purchases.

—Pressures are mounting for greater expenditures for the protection of life and property within the City and for programs important to the social and economic development of this community.

—We are faced with improving our departmental operations and services and upgrading the salaries and wages of non-uniformed personnel to keep pace with the rising cost of living and, in addition, to maintain some sense of order in the City's pay scales.

—Construction of tax-exempt buildings, expressways, parking lots and parks continue to nibble away at our meager land supply, with no yield in revenue but an increase in service and requirements.

And as though these conditions and setbacks are not bad enough, the key Republicans in the State Legislature chose this time to slam the door in our faces, flatly denying our appeals for the right to develop a broad-based tax program to bring us part of the relief we desperately need.

This City has always striven for economy and has prided itself on sound municipal financing. But we now seem to have entered an era where outside arbiters, court decrees, recalcitrant legislators and increasing inflation escalate and freeze our costs beyond our direst predictions and remotest capabilities.

And all that remains for the Mayor and City Council to do is to figure out a way to pay for them ingeniously and, hopefully, with as little pain as possible.

The General Fund budget being presented today is such a document.

It calls for expenditures of \$86,183,267 against combined revenues and surplus of \$73,200,230 leaving a net deficit of approximately \$13 million. Never have we been confronted with such a monumental task.

I should add that the deficit could have been as high as \$15 million. But within the last ten days, we have continued relentlessly to cut those items where we had any discretion and to assemble all possible available revenues, short of taxation.

In sharp contrast, at this time last year our financial condition—while not exactly encouraging—was relatively stable inasmuch as we ended the year with a net surplus of \$4.4 million. By the close of this year our surplus will have dropped to \$1,290,000. What caused this decline?

For one thing, the cost of quelling last April's civil disturbance which erupted as an aftermath of the tragic assassination of Dr. Martin Luther King was in excess of \$500,000. This included \$270,-

000 in police overtime and \$250,000 in emergency police and fire equipment which was purchased.

Also as the year draws to a close, the City's bill for police overtime will approximate an awesome \$900,000—a total of \$630,000 more than was anticipated, and all of this cost can be attributed to combating crime in the streets and civil disturbances in our schools.

At the same time, in 1968, we were forced to add \$1 million to our initial appropriation of \$900,000 for real estate refunds ordered by the Courts.

Workmen's Compensation—80 percent of which was paid to police and firemen—reduced the surplus by \$300,000. Under orders issued by the State Public Utility Commission, the Department of Public Works in mid-year was granted \$250,000 to contract for emergency inspection of City-maintained bridges. An extra \$300,000 was appropriated for salt-spreading operations during the winter months.

The combination of these and lesser unscheduled expenditures deprived us of a significant \$4 million surplus which would have cushioned the impact on the 1969 budget. Instead, we are entering the new year with a carry-over balance of \$1,290,000.

City Treasurer David A. Smith estimates that existing taxes and sources of income available to us will produce \$71,910,230. The estimate and the surplus, therefore, gave us \$73,200,230 in revenues to start our balancing operations.

On the other side of the ledger, we quickly faced approximately \$8 million in increased costs which have been mandated and over which we can exercise no fiscal control. And most of these costs were not known until as late as mid-November. They consist of:

—Police arbitration award, \$2,800,000.

—Fire arbitration award, \$2,000,000. -

—\$600,000 in new funds toward the cost of hiring the remainder of the 190 new police officers to which the City committed itself in 1968 (overall the full year's cost of this commitment will be \$1,300,000).

—An increase of \$1,200,000 for real estate tax refunds (bringing this item up to a total of \$2,100,000).

—Increased retirement benefits for City employees, including Social Security, \$500,000 more.

—Rising Workmen's Compensation costs, primarily due to substantial increases in wages for police and firemen, \$225,000 more.

—Street lighting energy and maintenance costs, \$327,000 more.

—The North Side refuse collection contract, \$135,000 more.

—Improving and expanding the refuse transfer station operation, \$255,000 more.

—Meeting the full year's cost of 50 positions for hard-core unemployment under contractual arrangement with the U. S. Department of Labor, \$117,000.

Over and above these fixed increases, we had to consider departmental requests for additional manpower, equipment and supplies. When these requests were first submitted, they were well over \$11,000,000.

In the drive for austerity, we pared the final figure for departmental increases to approximately \$2.7 million. We did so fully aware that we might be cutting some items which the agencies considered essential and long overdue.

However, we allowed for those added expenditures which seemed inescapable, those which promise improved and better City operations, or contribute to the physical, economic and social development of this City. To have done less would have been false economy; to have done more would have been imprudent.

The bulk of additional appropriations are proposed for the Department of Public Safety, Public Works and Parks and Recreation. I shall cite a few of the more costly approved requests:

—In light of our experience with police overtime in 1968, we permitted the account to be boosted from \$270,000 to \$500,000, an increase of \$230,000.

—To replace motorized equipment primarily in the Bureaus of Police and Refuse, \$400,000 more.

—In addition, the Public Safety Department is being authorized to purchase two helicopters for daily patrol, and more walkie-talkie radios for foot patrol, at a cost of \$130,000.

—To continue our inspection of bridges, \$250,000.

—To add personnel for expanded recreation facilities and to maintain 32 city-wide tot lots and new pedestrian malls in East Liberty, the North Side and Mt. Washington, and to serve the enlarged Conservatory-Aviary, \$381,655 more.

—To implement the City's summer recreation program, \$95,443 more, and to defray the City's additional obligations in the school recreation program, \$37,500 more.

—To add personnel to the Bureau of Building Inspection for expanded code enforcement activities, \$53,783, and to step up the demolition program of vacant and vandalized structures, \$63,000 more than in 1968.

—Asphalt materials for street paving by City forces will be \$100,000 greater in 1969.

—Personnel is being added to the Bureau of Traffic Planning to extend our radio-controlled traffic control system at a cost of \$57,700, and \$60,000 is being added to the annual contract for towing abandoned and illegally parked autos.

—Other miscellaneous contracts, involving utilities and supplies, are going up by \$142,000.

—As a follow-up to the Task Force Report on Civil Disorders, \$42,000 has been allotted for additional personnel for the Commission on Human Relations.

—A sum of \$50,000 has been added to the Neighborhood Youth Corps, bringing the City total to \$200,000 to provide jobs and training for nearly 1,000 young men and women. This program is largely financed by

a Federal grant of approximately \$1,300,000.

—The rental of a new computer to serve the Public Safety Department, the Public Works Department and the City Planning Department, and several bureaus will cost \$75,000. And an added \$75,000 is being provided for an analysis of the City's entire data processing system.

It might be argued that in view of our budget deficiencies no new services or extension of present services should be considered. This is stagnant logic. How can you measure in immediate returns the dollars and cents value of programs which offer employment, training and recreational opportunities?

We could have permitted thousands of disadvantaged youngsters to roam the City streets seeking outlets for their energy—and probably picked up the costs in increased police surveillance and protection.

We could have let our obsolete and unsafe police and refuse vehicles operate another year—risking inevitable breakdowns which would disrupt service or bring serious injury or death to City employees.

In light of our strenuous efforts to be practical, as well as prudent, I believe a justifiable case can be made for all of the departmental requests which are submitted in this budget.

The next issue which confronted us was the matter of salaries and wages for our 3,500 non-uniformed personnel. And here we faced another major dilemma.

As a result of third party action, the police had received increases amounting to 19 percent and the firemen 25 percent for 1969. These extraordinary increases not only have shaken the foundation of the City budget, but have seriously affected the relationship that formerly existed between the police and firemen and other public employees—I am afraid, for many years to come.

A high percentage of City employees, it should be emphasized, is still in relatively low pay brackets, making between \$4500 and \$6000 a year. Many of them perform valuable services. Recruiting to

fill vacancies becomes more difficult each year.

According to the latest national figures, the cost of living will have risen 5 percent by the end of this year.

Weighing these factors, and despite the further impact on the 1969 budget, I cannot in good conscience recommend anything less than an 8 percent increase across the board, for all non-uniformed employees. This will cost \$2,400,000.

To summarize, the combination of police and fire arbitration awards, the addition of new patrolmen, the unavoidable other mandated costs, departmental requests and proposed wage increase for non-uniformed employees call for an expansion in appropriations of \$13,654,855 in 1969.

We now had to find ways to close the gap, calmly and realistically, with great concern for the people who face the burden of payment.

It should be remembered that the true deficit is \$14,273,037. This represents the difference between the \$86,183,267 in proposed expenditures and the revenue estimates of \$71,910,230 provided by the City Treasurer, exclusive of any carry-over surplus.

We began our deliberations by applying the \$1,290,000 surplus. As Council is aware, I have already submitted legislation calling for a six-mill (or six-tenths of one percent) tax on gross receipts of businesses. This will produce an estimated \$4,800,000 in new revenues.

Also before Council is a proposal to raise the parking tax by 5 percent, from 10 percent to 15 percent. The increased parking tax and anticipated revenues from expanded parking facilities will bring an estimated \$800,000 more.

We were still some \$7,400,000 out of balance.

Under the powers granted by the State Legislature, we had few options left. And of the remaining, none are painless.

One of these was to increase the real estate tax millage by nine mills on land

and four and one-half mills on buildings.

With the School Board tax increased by six mills, the County real estate tax also to rise, and with the increased assessments, the imposition of a real estate hike by the City would have provided a crippling blow to this community.

I rejected this course of action promptly and finally. I so informed City Council several weeks ago. All of you concurred in my decision at that time.

A City real estate tax increase in 1969 would jeopardize the construction of new office buildings which are the principal source of employment in this City. It would have jacked up all rents unreasonably. It probably would have wrecked our moderate-income housing program, by swelling costs far in excess of the financing limits.

Moreover, this added burden would have struck at those least equipped to pay—the elderly and those living on low and fixed incomes, while the more affluent continued to escape to the suburbs.

Another alternative at our disposal was borrowing by issuing five, ten or twenty-year refunding bonds. Although deficit financing is perfectly legal and is sometimes used in emergencies, the community that engages in this practice incurs a heavy penalty.

In the first place, I cannot in good conscience recommend paying years of interest on borrowings needed to finance one year's operating costs. Borrowing upon borrowing is an endless whirlpool. How long does it go on?

After consulting with the most reliable fiscal and banking experts in this field, we were strongly advised that this action could seriously impair the credit of not only Pittsburgh but those of many municipalities and taxing authorities in the Pittsburgh region.
